DEPT. OF RACHANA SHARIR:

Rachana sharir is a backbone of all the medical health sciences. Rachana Sharir has an elaborative information regarding 'Sharir' (Body) from Ayurved samhita as well as modern anatomy. Ayurved sharir has so many peculiarities of its own like concept of Shatchakra, Panchabhautic sharir, Srotas, Prakruti & Purush, Marma etc. which has a great importance in therapeutic application. The knowledge of Rachana Sharir creates firm foundation in the application of medicine & surgery. Highly qualified faculty, postgraduate including PhD, is backbone of this department.

AIM:

- To give complete theoretical & practical knowledge of Ayurved Sharir and its applied aspect in present era & making them eligible for good practitioner under the umbrella of health science practices.

OBJECTIVES:

- To introduce the simple & easy methods for dissection of cadavers for proper understanding of anatomy.
- To study the sequential development of normal human for proper implementation in preclinical education.

General & Special activities:

- Publishing & participating in National & international Conferences.
- Article /Posters /Synopsis publication
- Departmental projects
- Mini research projects

VISION:

- To develop 'Ayurved Sharir Museum' including Sushrutokta mrutashodhan model, Pramana models according to Sushruta & Charak etc. for practical orientation of concepts.
- The Faculty publishes articles in various Ayurved journals, present papers in state-level, national and international seminars & webinars, on regular basis.

MISSION:

- " Pratyakshato hi yadhrustam shastradrustam ch yadbhavet Samasadstad ubhayam bhuyo dnyan vivardhanam"
- Our mission is to improve and boost the confidence of each and every student with perfect theoretical & practical knowledge of Rachana sharir with modern anatomy.
- To highlight the different basic concepts of Rachana Sharir along with scientific approach for the students.
- To enhance their skills of Ayurveda and making them compatible to apply in society in present era.

Course Outcome:

- As Rachana sharir is a backbone of all the medical health sciences, the perfection in the proper knowledge fulfils the same.
- Application of Praman Sharir in general examination of the person / Rugna pariksha becomes more informative for the evaluation of the status
- Elaborative applications of different basic concepts of Rachana sharir like Shatchakra in yogic practices, Srotas sharir, Marma sharir etc in clinical practices.
