

Pravara Institute of Medical Sciences (Deemed to be University)

Annual Report
2017-18

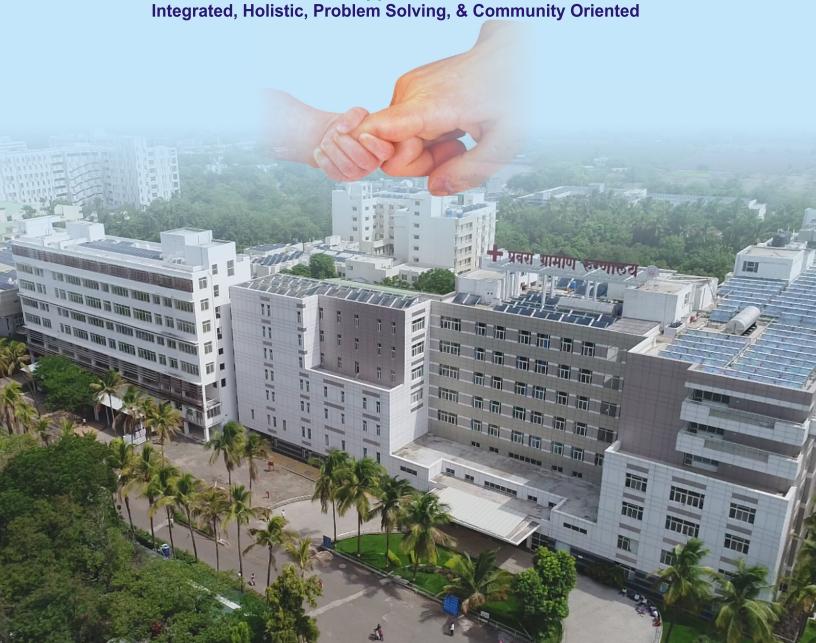

OUR FOUNDER - THE VISIONARY

- Do not distance from the poor
- Human being in the center
- Empowerment of women
- Health care for Children & Elders

PRAVARA MEDICAL TRUST

Mission
Service to the Rural Poor
Vision
Improve 'Quality of Life' of the Rural Poor
Approach

Tribute to the Rare Visionary

(29 August 1901 - 27 April 1980)

Revered Padmashri Dr. Vitthalrao Vikhe Patil Founder of First Co-operative Sugar Factory in Asia, Pravara Medical Trust & Pravara Movement in Health, Education & Inclusive Rural Development

During the time that were barren and the turfs that were rough You emerged among the masses and lead from the front

Socio-economic empowerment of the downtrodden,
You took it as your mission....

Untiring efforts and unflinching spirits with What you founded for that Pravara stands today....

The path that was uncharted, You walked all along stands sanctified....

Your legend now stands glorified across the frontiers

And beyond the oceanic blues....

In each of our endeavors you inspire us and it is your blessings
That keeps us on path, ever in pursuit of newer horizons....

We stand in all our humility and Pay our rich tribute to a rare visionary in

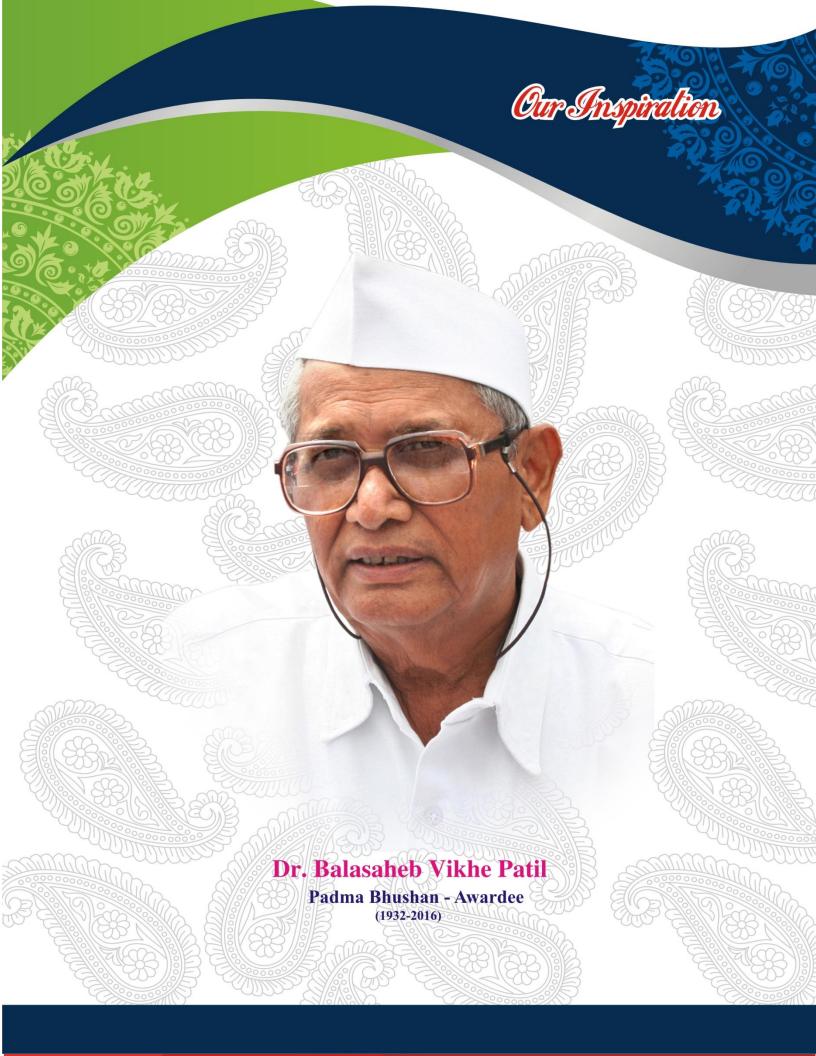

Pravara Family

OUR FOUNDER-THE VISIONARY

- Do not distance form the poor
- Human being in the center
- Empowerment of womens
- Health care for Children and Elders

"Ten years of growth since this was first started, has not only shown marked growth but has begun to change the countryside. I would like people from other states to come here and see how a real co-operative is organized and run. This is example for all India."

Jawaharlal Nehru 15th May 1961

Preamble

We have great pleasure in placing this Fourteenth Annual Report for the Academic Year 2017-18 of the Pravara Institute of Medical Sciences (DU), Loni for the information of all Stakeholders.

The Annual Report for the year 2017-18 has been prepared with a view to submit to the University Grants Commission (UGC) under the provisions of Rule 20 (iii) of UGC (Institutions Deemed to be Universities) Regulation, 2010. This report highlights the facts relating to qualitative and quantitative progress made by the University during the academic year 2017-18.

The report has been presented in three parts as explained below

Part I	:	Report of the University Activities.
Part II	:	Activities & Statistical Information of Constituent Colleges /Centres.
Research Activities	:	Research, Publications, Paper / Poster Presentations, Conferences and
		Workshops/FDPs organized/ attended by Faculty. Awards and
		Recognition to the faculty, Completed & Ongoing Research Projects of
		UG/ PG Students.
Part III	:	Financial Report for the year 2017-18.

The information incorporated in this report about the Constituent Colleges/Centres is based on information provided by the concerned colleges/centres. All efforts have been taken to make this report comprehensive. However your valuable suggestions are always welcome.

On behalf of the editorial Board, we are thankful to Hon'ble Dr. Rajendra Vikhe Patil, Pro- Chancellor, Hon'ble Dr. Y. M. Jayaraj, Vice Chancellor, and Hon'ble members of Board of Management (BOM) of the University for nominating us on this prestigious committee and having given us valuable guidance to prepare this Fourteenth Annual Report of Pravara Institute of Medical Sciences (DU) Loni.

Chairman, Editorial Board

Pro-Chancellor Dr. Rajendra Vikhe Patil

Since 8th June, 2017

Chancellor Dr. Vijay L. Kelkar Since 5th Aug. 2010

Vice-Chancellor Dr. Y. M. Jayaraj Since 11th May 2018

Financial Report for the year 2017-2018	

Hon'ble Chancellor Dr. Vijay L. Kelkar

MESSAGE

At its core are five priorities that I believe lie at the heart of our unique University's past, present, and future success. These are: serve the poor and needy, advance meaningful learning, promote need-based research, amplify the community engagement and accelerate internationalization.

I am glad that in the year under review-2017-18, the PIMS-DU continued its rigorous mission of building its brand image and uniqueness as a institution of higher learning with a focus on medical and health sciences against all odds of being located in a remote village but facilitating in transforming the dreams and lives of millions of people around it, through its contribution in education, research, medical care and community engagement. It held a high National and International reputation for producing excellent medical and health sciences graduates and researchers with a social commitment. I am sure the University will work more in the field of Tribal Health.

I am glad to witness a remarkably great movement in the strategic direction of the university for the last few years among students to staff, researchers to teachers, International collaborators to NGO/community partners and parents to alumni. I regard the strategic plan integral to our ability to sustain and enhance the reputation of excellence at this university, especially during challenging times.

I believe you will see on the pages that follow in this Annual Report, many compelling examples of positive change in the way all the Constituent Units of PIMS-Deemed to be University realized its missions. Nearly all of these examples stem not from top-down directives, but from professors, students, staff members, and others who have been inspired to create new ways of achieving our goals. I congratulate all the students, faculty and staff of the University on their excellent performance and contribution.

Dr. Vijay KelkarChancellor

Hon'ble Pro-Chancellor Dr.Rajendra Vikhe Patil

MESSAGE

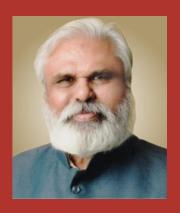

It has been a great opportunity for me to interact with dedicated teaching faculty, non-teaching staff, Physicians & Surgeons taking care of the patients and the students of this university. What thrill's me is their enthusiasm, conviction and commitment towards this organization, participating actively to achieve the vision and mission of this university.

As we move forward to consolidate our achievements, it is equally important to address the challenges, we face being the only medical university in rural India. In pursuit of excellence, we look forward to create a state-of-art infrastructure facility for research, improve health care delivery systems and foster International linkages to bring in the best possible International exposure to our student and staff.

I look forward to further strengthen the organization culture of trust, accountability and teamwork at the university as we passionately extend our helping hands to our patients with care and compassion. In this year, the university had made a lot of efforts in the field of international collaborations. The establishment of the spinal treatment center at Pravara Rural Hospital will help substantially the poor and needy people in this region.

I am sure as we embark ourselves to achieve higher goals, a future will be rooted in the hearts and minds of all the stakeholders to deliver A Value Based Education and Research Driven Health Care....'

Dr. Rajendra Vikhe Patil Pro-Chancellor

Hon'ble Vice-Chancellor Dr. Y. M. Jayaraj

MESSAGE

"Annual Report" 2017-18 of an institution signifies the systems, processes, activities and achievements during the year. It provides us with an opportunity to review the activities as well analyze and evaluate the achievement based on the bench marks, goals and targets.

Our Visionary Founder Padmashri Dr. Vitthalrao Vikhe Patil dreamt and visualized "Real Gram Swaraj and Rural Development" appreciated by one and all at national level.

Our illustrious leader and Mentor Dr. Balasaheb Vikhe Patil – Padmabhushan awardee always aimed at strengthening and nurturing comprehensive integrated rural development and health care. They aimed and realized the objectives of human development, especially of rural people and for women through "Education – Health Care and Empowerment." Our leader made us to "think globally and act locally". He stresses the importance of knowledge, professional skills, competence and commitment as well as discipline, dedicated and devoted work culture, resulting in service, national development and gross human happiness of rural people.

Our Hon'ble Chancellor, Padmavibhushan Dr. Vijay L. Kelkar always advocates advanced meaningful learning, value and need based research, amplify community engagement and accelerate internationalization.

Our Hon'ble Pro-Chancellor Dr. Rajendra Vikhe Patil provides us the energetic leadership and result oriented action plans to be achieved in a time bound schedule. He always aims at providing state of the art multi-diagnostic tertiary and super-specialty health care system to rural people and global level professional health education to our students. He is an ardent believer of International collaborations and linkages to achieve excellence at global level. At the same time, he ensures the consolidation and expansion of rural and tribal health care through health centers and public health extension activities.

Our teachers aim at meaningful and purposeful goals and objectives, excellence in teaching, learning, research and extension activities at PIMS-DU. Our students aim at becoming excellent international human resources as health professionals with global competencies, good clinical exposure and problem solving ability as well the analytical and reasoning skills. Our support staff aims at giving all logistic support in

governance, systems and process, with a smile and human touch. Our people, especially the rural masses of Loni always extend their support and cooperation as well continues to response faith in our service.

Based on this foundation of faith and expectations, we prepare our action plan and implement them in true letter and spirit. Now, it the time to analyze the systems, processes, action plan, its implementation and enlist the achievements. Accordingly the "Annual Report of PIMS-DU for the year 2017-18" is presented here. Constructive suggestions and observations by the responsible and responsive stake holders will help us to fine tune our future plan and vision document - 2025.

We are indented to all the faculty, staff and students, management stake holders of PIMS-DU for their sincere hard work, dedication and service. We are also indebted to the people of Pravara Loni and "Pravara Family" for their continued cooperation and support. We believe and aim at global excellence "We can" and "We will".

Dr. Y. M. Jayaraj

Vice-Chancellor

Vision & Mission

Vision

To emerge as University of Excellence, in continuous pursuit of Quality, by providing globally competent higher education, especially in the field of medical and allied health sciences and to evolve accordingly to the changing needs of time with the focus to serve the rural society.

Mission

- To promote value based education and research driven health care
- To promote and facilitate the development and empowerment of human resource
- To facilitate and provision of health professional education training, research and extension activities, primary, secondary and tertiary health care through medical and allied health programmes that is responsive to the needs of the society.
- To serve the rural people, especially, the poor and the disadvantaged, irrespective of their social status and background.

Pravara Institute of Medical Sciences (Deemed to be University)

Preface & Introduction

Pravara Medical Trust was established in 1972 by the rare visionary, most revered and respected, Padmashri Awardee, Dr. Vitthalrao Vikhe Patil, founder of first co-operative sugar factory in Asia, in 1948, at Loni – a remote village of Maharashtra, a feat appreciated by Pandit Jawaharlal Nehru, the then Prime Minister of India. He also initiated and led Pravara cooperative movement for inclusive-holistic rural development, education and health care. The functional and realistic model of integrated, participative, sustainable rural development as well as comprehensive holistic health care and education, successfully launched by the rare visionary and ambassador of socioeconomic change, is popularly known as "Pravara –Loni model of PURA", commended by Dr. APJ Abdul Kalam, the then President of India.

The Background:

Dr. Vitthalrao Vikhe Patil, a farmer of Loni, a draught prone backward village of Maharashtra, realized the importance of integrated rural development to solve the problems of illiteracy, poverty, hunger, unemployment, social inequality, economic exploitation, poor public and personal health, shelter, clothing and basic amenities in rural areas, which were the real challenges before a young independent India in 1947. The rare visionary was full of ideas, courage and determination to address these issues head on. He initiated the revoluationary cooperative movement of farmers to achieve the impossible – "integrated holistic sustainable rural development". He aimed at realizing "Gram Swaraj" in true letter and spirit. The cooperative movement of farmers led by him, aimed at the issues of agriculture, livestock development and agrobased industry (1948), primary, secondary and collegiate education (1964) and cooperative banking (1972). All these initiatives started transforming the draught prone backward village towards the path of integrated sustainable rural development – social, political and economical. This realistic cooperative model was appreciated by one and all, across the nation.

In order to address the issues of comprehensive rural health care, he established the Pravara Medical Trust in 1972, Pravara Rural Hospital in 1976 at Loni and several rural health centres in the periphery.

For this illustrious social work and sacrifice, Government of India honored him with the award of "Padmashri" in 1962. Pune University conferred on him the honorary D.Lit in 1978 and established a Chair in his name to undertake research in rural development (1981). Mahatma Phule Krishi Vidyapeeth conferred on him the honorary D.Sc. in 1979.

Film Division of India presented a documentary film on his achievement entitled "Shoulder to Shoulder" in 1953. Veteran Girish Karnad has directed a documentary "Sweet Revolution" in 1986, based on his accomplishments. Shri Rajamangal Vedekar and Shri. Shivajirao Sawant have written biographic books (1977/1985) on the life and mission of this illustrious leader. We offer our tributes to this rare visionary.

The Milestones And Direction of Journey of Pravara-Loni Model of Integrated Rural Development And Comprehensive Rural Health Care

An innovative idea and realistic model conceived and practiced by Most-Revered Padmashri Dr. Vitthalrao Vikhe Patil

Further Developed and Nurtured by Padmabushan awardee, Parliamentarian (8 times), Statesman (Former Union Minister), Social Worker and Visionary Leader

Dr. Balasaheb Vikhe Patil

Who is continuing to guide and monitor the movement

1948 Agriculture Co-operative movement for :

- Awareness, sensitization, training, marketing, and socio economic empowerment of farmers in agriculture sector.
- Initiation of Innovative methods such as Soil Conservation, Cropping pattern

1948 Live Stock Development

- Training on cattle/ animal breeding, animal products and by products as well as their marketing.
- Animal Husbandry and its integration with agriculture and family economy as well as village development

1948 Agrobased Industry

- Establishment of Pravara Co-operative Sugar Factory at Loni (1st Co-operative sugar factory in Asia) farmers as owners and beneficiaries
- Involvement of small and marginal farmers agro process –production agri marketing

1948 Social Development

• Establishment of Co-operative Societies, Forums, NGOs for socio-economic development, team building, networking and rural development.

1964 Education, Training, Employment and Empowerment:

(Primary, Secondary, Higher, Technical, Professional)

- Pravara Rural Education Society (1964)
- Pravara Public School (1964); Pravara Kanya Vidya Mandir (1969)
- Padmashree Vikhe Patil College of Arts, Science & Commerce (1971) and many more...

A total of 105 educational institutions in Art, Commerce, Science, Engineering, Technology, Pharmacy, Management, Agriculture, Biotech, Aviation, Architecture, primary, secondary and higher secondary education.

1972 Co-operative Banking – Economic Development

Establishment of Co-operative Banks - Pravara Co-operative Bank (Scheduled) – 31 Branches

1972 Comprehensive Integrated Health Care and Education in Rural Area:

Pravara Medical Trust (1972):

Pravara Rural Hospital (1976)

Multi-speciality tertiary health care system – hospital, rural OPDs, UHTC, RHTC, THC mobile Clinics, Gram Arogya Banks, Arogya Mitra, First Aid Clinics, E-Health Tele-Health Centres, Multi-Diagnostic and Treatment Camps, extension activities covering 234 villages.

Speciality UG-PG professional health science education - in Medical, Dental, Physiotherapy, Nursing, Biotechnology, Social Medicine

- Rural Medical College (1984)
- Rural Dental College (1989)
- College of Physiotherapy (1997)
- College of Nursing (1998)
- Center for Social Medicine (2001)
- Center for Biotechnology (2001)

2003 Prayara Institute of Medical Sciences- Deemed to be University.

Pravara operative model "PURA" in a remote village of India

Development, Consolidation and Expansion of Cooperative Movement:

The mission and ideas of this great visionary was further developed and nurtured by his son **Dr. Balasaheb Vikhe Patil,** Padmabhushan Awardee, Parliamentarian (8 times), Statesman, humble social worker and a visionary leader of the masses. He continued the cooperative movement for integrated rural development and further strengthened comprehensive rural health care. To meet the national requirement for qualified health professionals, PMT established a medical college (1984), dental college (1989), college of physiotherapy (1997) and college of nursing (1998), all on one unitary campus at Loni, offering health professional education and health care. Unique centres entitled "Centre for Social Medicine" and Centre for Biotechnology were established in 2001 to undertake research and extension activities.

Genesis of the University:

In order to achieve the integrated holistic approach in health care, education and research, Pravara Medical Trust (PMT) took positive steps towards the establishment of a Deemed to be University (with the approval of UGC, MHRD, GOI) by bringing all of its colleges and units of health education and tertiary medical hospital under one ambit/umbrella, in 2003. Thus, the Deemed to be University was born at Loni-"Pravara Institute of Medical Sciences (PIMS-DU)", a unique feature in Indian professional education system in a rural India. The governance, leadership and management of PIMS-DU are as per regulations governing deemed to be universities, notified by the UGC from time to time (UGC institution deemed to be universities regulations).

Befitting to the vision and mission of the parent trust, PIMS-DU is imparting quality professional health education at global level and tertiary speciality health care at Loni as well as at doorsteps of 234+ villages spread over 13 talukas and 3 districts with a catchment area of lacs of population of Maharashtra state. Our rural health care, extension and community health outreach activities have received International and National appreciation and recognition.

Growth and Development of the University:

PIMS-DU is located on a spacious and green unitary campus of 115 acres at Loni, developed as per the master plan and land scaping, housing all the 6 constituent units and its rural hospital. It has state of the art building blocks for academic and co-academic programmes, multispecialty tertiary medical and dental hospitals as well as residential facility for students and staff in the campus, all within a walkable distance. It is a near cent percent residential campus with all the basic amenities and facilities, round the clock, ensuring a home away from the home. It is providing a good multispeciality hospital for enriching clinical resource and care, central library, IT facilities, safety, security, discipline and basic amenities 24x7(water, electricity, maintenance) in a rural area, a real practice of "PURA". It has recruited qualified and experienced staff as per norms of statutory bodies. We have encouraged research through funds, facilities, and incentives resulting in significant good number of publications and collaborative research projects and clinical trials. PIMS-DU publishes its own ISSN peer reviewed medical journal. We have collaboration with 25+ international and 50+ national institutions and industries. Teachers and students have visited foreign universities on scholarship/ fellowship through Lineus Palme Exchange Accord and Erasmus+ scheme (only the private deemed university from India included in this scheme). It has attracted 200+ students and faculty from 50+ foreign universities for research and training. Centre for Social Medicine act as Mother NGO and a liasoning body for government and semi government organizations and national health schemes. PIMS-DU has a sound financial management and governance system with accountability, transparency and integrity. Annual convocations are held regularly since 2007. So far 12 convocations have been organized. We are proud for having contributed qualified and competent, health professional, human resource to the national development (1053 medical doctors, 528 medical specialists, 716 dentists, 185 dental specialists, 407 nurses, 72 nursing specialists, 325 physiotherapists, 110 specialists in physiotherapy, 173 biotechnologists, 14 public health specialists, 16 Ph.D. holders, a total of 3599 graduates and postgraduates). Our students are enriched with good clinical and community health knowledge, skills and competence. We are proud of our "pravarites" serving in India and abroad.

Road Ahead:

Pravara Institute of Medical Sciences – Deemed to be University, aspires to be "The Centre of Excellence" in Medical, Dental and allied Health Science education and is committed to improve health standards of this rural region. PIMS-Deemed to be University is making every possible effort to provide globally competent higher education and service to the rural society with a focus on empowerment of rural people for sustainable growth and development.

With the benign blessings of Padmashri Dr. Vitthalrao Vikhe Patil and Padmabhushan Dr. Balasaheb Vikhe Patil, Founder, President & Managing Trustee, PMT and Under the guidance and leadership of Hon'ble Dr.

Vijay Kelkar, Padmavibhushan Awardee, Chancellor, PIMS-DU, we are marching towards our goal – to create "A Healthy Society".

PIMS-DU has grown over the years since its establishment in 2003 and recorded developmental milestones. It strives for global excellence. We believe in expansion, consolidation as well to grow and develop ahead to achieve global excellence, as per global and national expectations, trends and challenges.

We believe in continuous improvement and much ahead towards excellence in all our endeavors. Hence we subject ourselves for continuous regulation and monitoring by statutory bodies – MCI, DCI, INC and UGC. We subjected ourselves for assessment by NAAC in 2017 and got accredited at 'A' grade with CGPA 3.17. We also subjected ourselves for UGCs Review of Deemed University in 2017 with a good commendation for our significant growth and development.

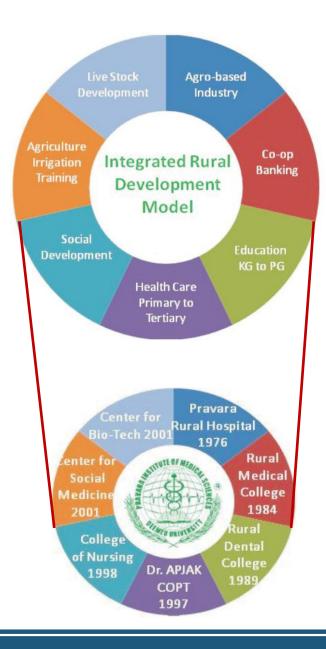

We are hereby presenting the Annual Report of Pravara Institute of Medical Sciences-Deemed to be University for the year 2017-18.

Dr. Y.M. JayarajVice -Chancellor

Dr. Rajendra Vikhe Patil
Pro-Chancellor
PIMS-DU, Loni

PRAVARA LONI MODEL OF INTEGRATED RURAL DEVELOPMENT

- Appreciated By his Excellency Dr. APJ. Abdul Kalam, President of India, during his visit on 15th Oct. 2005 as:
- Operative Role Model of PURA (Providing Urban Amenities to Rural Areas)
 Website: www.abdulkalam.com

Consideration of the Idea of a University

Parent Trust: Pravara Medical Trust

Padmashree Dr. Vitthalrao Vikhe Patil, an enlightened peasant cared deeply for the well-being of the poor and the disadvantaged who were suffering greatly due to the lack of qualified medical help in this remote rural part of Maharashtra.

The Pravara Medical Trust was established in 1972 as a part of promotive efforts of an Integrated Rural Development Model (widely known as PRAVARA MODEL). With the vision to "Improve the quality of life" of the rural people, especially women and children by providing comprehensive health care to the village people. The promoters of the Trust were fully aware of the fact that health is an integral component of overall development. While the network of industrial, educational and "People's Organizations" were being promoted in the area, an integrated comprehensive health care system had become imperative for achieving this goal.

Over a period, the area of service has been widened because of the emergence of a full-fledged Medical Complex. Today the complex caters to the health needs of entire Ahmednagar and the neighboring districts of Nashik, Beed, Aurangabad, Dhule and Pune. However, the other services of the model, including medical education, training and research have been spread at National as well as International levels.

The Idea of a University

Establishment of University:

Pravara Institute of Medical Sciences Deemed to be University was established under Section (3) of the University Grants Commission (UGC) Act 1956 on 29th September, 2003 by Government of India, Ministry of Human Resource Development vide notification No. F.9-11/2000-U-3.

Part of a Rural Development Model:

Pravara Institute of Medical Sciences (Deemed to be University) is unique as it is not a standalone institution, but it is a part of the Rural Development model, which has a goal of "Sustainable Development through Integrated and Holistic Approach".

Objectives:

The objectives for which 'the University' established are:

1) To Promote and provide

- i) Instruction, Knowledge, Education, Training and Research facilities of high order in the areas of study relevant to Medicine, Health and Allied Sciences, Humanities, Science, Arts, Commerce, Engineering, Pharmacy, Management, Education etc and its inter-disciplinary areas as per its current status and such other manner as may develop in future.
- Facilities to develop Entrepreneurship and Human Resource required in the Health Care, Health Management, Biosciences, Biotechnology, Humanities, Science, Arts, Commerce, Engineering, Pharmacy, Management, Education etc and its interdisciplinary related areas through formal or distance education with the prior approval of the UGC / Government of India.
- iii) Appropriate, Innovative, Need Based Programmers of teaching and learning which shall be student centered, problem-based, community oriented in Under graduate, Post graduate and doctoral levels so as

- to set a high standard of Medical, Health, Allied Sciences, Humanities, Science, Arts, Commerce, Engineering, Pharmacy, Management, Education etc. and its interdisciplinary related areas with the prior approval of the UGC/Government of India.
- iv) Research relevant to current and emerging fields of Medicine, Health and Allied Sciences, Humanities, Science, Arts, Commerce, Engineering, Pharmacy, Management, Education and its interdisciplinay related areas.
- v) Opportunities for the integration of formal and non formal learning with practical experience in medical and health sciences with other areas of human development, such as Humanities, Science, Arts, Commerce, Engineering, Pharmacy, Management, Education etc. and its interdisciplinary related areas.
- vi) Programmes of extension work in the fields of Medicine, Human Health and Allied Sciences, Humanities, Science, Arts, Commerce, Engineering, Pharmacy, Management, Education etc. and their inter- disciplinary areas to achieve the overall human development, within the country and abroad.
- vii) Opportunities to facilitate collaborations, networking with International and National level Universities / Institutes / Organizations / Foundations for promotion, advancement and sharing of academic and research knowledge and activities in Medicine, Health, Allied Sciences, Humanities, Science, Arts, Commerce, Engineering, Pharmacy, Management, Education and their inter- disciplinary areas for development of mankind in India and abroad.
- viii) All possible arrangements for national and global participation in the fields of Medicine, Health Management and Allied Sciences, Humanities, Science, Arts, Commerce, Engineering, Pharmacy, Management, Education etc. and their inter- disciplinary areas.
- 2. To function as a Global level learning resource center in the fields of Medicine, Health, Management and Allied Sciences.
- 3. To serve and work towards improvement and development of rural life and the general population
- 4. To accomplish the mission and vision enunciated by the founders of the "Pravara Medical Trust, Loni"
- 5. To do all such other acts and things as may be necessary or desirable to further the objects of 'the University.
- 6. To undertake all such activities as may be incidental and necessary or conducive to the attainment of all or any of the objects of 'the University' referred to or implied above.

Rural Nature of the University:

Loni is an obscure village situated in a drought prone area of Ahmednagar District (Maharashtra State), far away from the metropolitan cities and industrial zones. The Deemed to be University and its all-constituent institutions are located in this village Loni, a single campus. Loni is a village with Gram-Panchayat having 35,022 populations as per 2011 census. The Taluka place, Rahata is 20 kms away and the district headquarter, Ahmednagar is 70 kms away. The nearest railway station, Belapur is 25 kms away The Manmad Railway Junction is 85 kms. & the nearest airport, Aurangabad and Shirdi are 130 kms a 20 kms away respectively.

Health care as a component of overall development:

Health is an important component of this Comprehensive Rural Development Model. Overall development is achilved through healthy individuals and families. Poverty, illiteracy, diseases and inertia among the poor people are inter-linked by forces, which need to be broken for the sustainable development. Therefore, a "Comprehensive Rural Health Care System" was evolved to meet the health care needs of the rural community and was an integral part of the on-going developmental activities of agriculture, agro-based industries, rural financing and education.

Genesis of University:

The origin of establishing an University extends in the developmental model evolved by visionary Padmashree Dr. Vitthalrao Vikhe Patil, which is based on the integrated, holistic approach to solve the problems of rural people. Loni was an obscure village situated in a drought prone area of Ahmednagar District (Maharashtra State), far away from the metropolitan cities and industrial zones.

While working with the rural masses, Padmashree Dr. Vitthalrao Vikhe Patil realized the urgent need for organized activities in many social areas to build a healthy, industrious and prosperous society. A comprehensive rural health care model was the natural consequence of this realisation. In a society where health care facilities were inadequate and inaccessible to the poor, the Pravara Medical Trust - the parent body of this Deemed to be University was established in 1972 in a village called Loni.

The Pravara Medical Trust, the parent trust of the university started providing primary and secondary level medical care from 1976 with the establishment of 100-bed hospital. Over a period of time, the Pravara Rural Hospital grew into a 1275-bedded multi disciplinary, super specialty medical institute with other ancillary facilities. The hospital has now emerged as a referral-teaching institute for this region providing health care covering 25 lakhs people.

This University has the same status as that of other Statutory Universities in India. The degrees, diplomas and certificates awarded by the University have approval of the Government of India, Govt. of Maharashtra and other states as well as the University Grants commission (UGC), Medical Council of India (MCI) Dental Council of India (DCI), All India Physiotherapists Association (AIPA) Rehabilitation Council of India (RCI) and Indian Nursing Council (INC).

The University is unique in more than one way. It is specialized in Medical and Health Sciences with a dedication to serve the society as a Center of Excellence with emphasis on socially meaningful medical Education, Health Care and Research.

The Institution has received accolades from His Excellency Dr. A.P.J. Abdul Kalam, President of India for the pioneer work done in the field of integrated rural Development and appreciated the participative model of Integrated Rural Development followed at Loni as Role Model for the development of Rural India and has been referred by his Excellency as operative model of **PURA-** Providing Urban Amenities to Rural Area. We have further strengthened community oriented medical education methodology through which students interact with rural masses and study their health problems and socio-economic development, throughout their graduation and Post- graduation-training period.

The University always emphasizes on socially meaningful medical education, need based research programmes, and quality health care for the people. The globalization of education and health care needs are addressed while designing and delivering the education to the medical students. Therefore, the University has tailored the academic programmes of all constituent institutions to meet global as well as local needs of quality education. Appropriate, need based, up-to-date knowledge and skills are imparted to the undergraduate as well as postgraduate students. The recommendations of the regulatory authorities are followed while evolving the innovative ideas, curriculum revision and teaching methodology for imparting quality education to the students.

Aspects of Governance

- 1. Pravara Institute of Medical Sciences is registered under Societies Registration Act 1860 and formulated a Memorandum of Association and Rules based on model and guidelines prescribed by UGC. The MOA was revised as per Regulations for Deemed University (2010) and submitted for approval to UGC.
- 2. The Board of Management is headed by the Vice-Chancellor and has autonomy to perform the University's academic and administrative activities
- 3. The composition of Board of Management is as per guidelines of UGC.
- 4. The University has constituted various authorities as per the guidelines of UGC and rules framed under revised MOA.
- 5. Organizational structure of the University is as per the UGC guidelines and MOA of the University.
- 6. Meetings of Board of Management, Academic Council, Board of Studies, Planning and Monitoring Board, Finance Committee, Board of Examinations, Internal Quality Assurance Cell and Student's Council etc are held regularly. The minutes of the meeting are circulated to all the concerned.

Governance of PIMS

Excellence in Education, being the motto, the Board of Studies and Academic Council design and finalize the syllabi and update the same as per requirements in tune with the guidelines of Statutory Councils / Board. The syllabi also include certain topics over and above the requirement of Statutory Bodies like Environmental Science, Pollution control, Hospital Management, Hospital Waste Management and Medico Legal aspects.

• The meetings of various University Authorities / Bodies / board of Studies and other committees held during the year 2017-18 are given below.

Sr. No.	Name of the Committees	Dates
1	Board of Management	08/12/2017, 17/04/2018
2	Finance Committee	01/12/2017, 17/04/2018

21	BOS in Social Medicine	02/02/2018

The Resolutions passed by Board of Studies are submitted to the Academic Council, for the purpose of
approval as well as modifications and refinements of courses, revision of Panel of Examiners having
faculties from the institutes under the ambit of PIMS as well as eminent personnel from the field of
education, industries and eminent social figures, as members of the council.

Activities of Pravara Institute of Medical Sciences (DU)

Introduction

University Grants Commission, Ministry of Human Resource Development, Govt. of India recognized the academic excellence achieved and the quality of medical care rendered to the rural community since 1982 and granted Pravara Institute of Medical Sciences "Deemed to be University" status vide their notification No. F-9-11/2000-U-3 dated 29th September, 2003.

The academic and research activities of the university were reviewed by University Grants Commission in year 2006, 2009 and after their evaluation, Deemed to be University status has been continued further for a period of five years. Namely 2009-2014.

The PIMS (Deemed to be University) was accredited by NAAC in 2017 and awarded 'A' grade with CGPA of 3.17.

This Institution has the status of Deemed to be Universities in India. The degrees, diplomas and certificates awarded by the University have approval of the Government of India, Govt. of Maharashtra and other states as well as the University Grants Commission (UGC), Medical Council of India (MCI) Dental Council of India (DCI), All India Physiotherapists Association (AIPA) Rehabilitation Council of India (RCI) and Indian Nursing Council (INC).

The University is unique in more than one way. It is specialized in Medical and Health Sciences with a dedication to serve the society as a "Center of Excellence" with emphasis on socially meaningful medical education, health care and research.

The sponsoring & parent Trust, Pravara Medical Trust, has received accolades from His Excellency Dr.A.P.J. Abdul Kalam, President of India for the pioneer work done in the field of integrated rural Development and appreciated the participative model of Integrated Rural Development followed at Loni as "Role Model" for the development of Rural India and has been referred by his Excellency as an operative model of "PURA"- Providing Urban Amenities to Rural Area.

We have further strengthened community oriented medical education methodology through which students interact with rural masses and study their health problems and socio-economic development, throughout their graduation and post- graduation-training period.

The University always emphasizes on socially meaningful medical education, need based research programmes, and quality health care for the people. The globalization of education and health care needs are addressed while designing and delivering the education to the medical students. Therefore, the University has tailored the academic programmes of all constituent institutions to meet global as well as local needs of quality education. Appropriate, need based, up-to-date knowledge and skills are imparted to the undergraduate as well as postgraduate students. The recommendations of the regulatory authorities are followed while evolving innovative ideas, curriculum revision and teaching methodology for imparting quality education to the students.

Constituent Institutions:

Following are the constituent institutes under the ambit of the Deemed University:

- 1. Rural Medical College, Loni (1984)
- 2. Rural Dental College, Loni (1989)
- 3. College of Physiotherapy, Loni (1997)
- 4. College of Nursing, Loni (2000)
- 5. Center for Biotechnology, Loni (2000)
- 6. Centre for Social Medicine, Loni (2001)

Pravara Rural Hospital, Loni as a multi faculty speciality teaching hospital, established by Pravara Medical Trust in (1976).

The constituent institutions are recognized by their respective councils (MCI: Medical Council of India, DCI: Dental Council of India, IAP: Indian Association of Physiotherapy, INC: Indian Nursing Council) and University Grants Commission)

Academic Activities:

Courses Offered

The University faculties of Medical, Dental, Nursing and Allied Health Sciences, offer Undergraduate, Postgraduate, and Ph.D Research Degree Prgorammes.

Following are the courses offered by the University in the academic year 2017-18.

Medical Faculty: Rural Medical College and Hospital, Loni

Examination Section:

• Examination and Assessment:

The Examination Section of Pravara Institute of Medical Sciences - Deemed to be University envisages the need for radical reforms in traditional examination and assessment system and are working towards evolving a credible, valid, effective and transparent double assessment system that responds confidently to the challenges and newer demands of knowledge of a society.

Examination and Results:

The year 2017-18 saw the stabilization of the various examination processes. The examination processes may be broadly classified as Initial, Pre and Post Examination. In the Initial Examination processes, the following have been streamlined

- The Academic Council approved Panel of Examiners recommended by the concerned Board of Studies for each subject. Board of Examinations selected the names of examiners from the panel of Examiners to conduct Exams during December 2017 and June 2018.
- Moderation of question papers to ensure the quality and standard of the question papers through the moderators appointed by Board of Examination.
- A stock book for moderated question paper setting is maintained.

The streamlining of Pre-Examination processes began with

- Proof reading of the question paper for correctness of English grammar.
- Selection of a question paper set from the moderated question paper sets of each subject by Hon'ble Vice Chancellor.

- Printing the required number of question paper copies and packing/packaging them with appropriate date wise and title wise label.
- Calling examination forms from colleges and issuing hall tickets after receiving the Internal Assessment marks.
- Appointment of the "Centre In Charge" for the conduct of examinations as per rules prescribed to conduct and examinations.
- Appointment of Vigilance Squad for the smooth and fair conduct of the examination by the Hon'ble Vice Chancellor
- Handing over the question paper packets bundled day to day to the Centre In Charge and Senior Supervisor for the conduct of Examinations.

The Examination process involves the following activities.

- Monitoring the conduct of theory examination with the Jr. Supervisior / Sr. Supervisor/ Vigilance Squad in the examination hall
- Only one single answer booklet is given to the student for writing the answers. No supplements are given
- The Junior Supervisor is asked to submit a subject wise attendance and absentee list for each course for which exams are conducted along with the Jr. Supervisor's report. This report is used before the results are processed.

The Post Examination Work includes

- Receiving answer scripts and tallying the numbers with the candidates present for the examination.
- Coding and decoding of the answer books.
- Assessment of answer books.
- Preparation of Marks sheets.
- Checking, verifying and preparing the result sheets.
- Processing and publishing the results.
- Preparation of student wise mark sheets, provisional passing certificates and degree certificates in the Convocation function of the University as per norms prescribed.

Review of University Activities 2017-18 By Hon'ble Vice Chancellor, Dr. Y. M. Jayaraj

Progress report of Pravara Institute of Medical Sciences – Deemed to be University

Presented on the occasion of twelfth annual convocation

I deem it an honor to stand before the august Gathering of 12th Convocation of the PIMS-DU. I extend season's greetings and warm welcome to all the guests, invitees, faculties, students, young graduates, media and one and all who have assembled here to make this function a grand success.

We wish to present the progress and achievement of PIMS-DU during 2017-18.

1. NAAC accreditation and UGC Inspection

The academic year 2017 started with the fresh mandate from NAAC that PIMS-DU has been assessed and accredited at 'A' grade with the CGPA of 3.17 in 4 point scale and valid till March 2022.

The UGC Expert Committee of 10 members visited PIMS-DU on 27th and 28th July 2017 to review the performance of Deemed to be University. Based on the report of Expert Committee, UGC has commended the performance of the PIMS-DU and continued the status of the Deemed to be University.

The Foundation Day was held on 29th September 2017, wherein selected employees, teachers and students were felicitated for their achievements in service, research and overall performance. Dr R C Dekha was the Chief Guest and Shri Radhakrishnaji Vikhe Patil was the Guest of Honor of the function.

2. Academic aspects

PIMS offers 101 academic programs leading to UG, PG, PhD, PGD, Diploma, Certificate and Fellowship programs through it six constituent colleges.

	TOTAL	06	41	11	04	05	34	101

We have revised our curriculum as per the MCI, DCI, INC, and UGC recommendations. CBCS has been successfully adopted for M Sc (Biotech) and MPH courses. In the next academic year MPT will also be as per CBCS. Competency based medical education for PG students as per MCI guidelines has been approved and will be implemented from academic year 2018-19. As per the recommendation of NAAC and INC, a new faculty entitled 'Faculty of Nursing' was created with effect from 2017-18. All the Boards were reconstituted.

3. Admission and enrollment

RMC was successful in getting the second renewal approval for 200 seats for MBBS. Around 70% of seats are filled in I and II centralized counseling itself based on NEET, highest for any medical college of Maharashtra (remaining 30% were admitted in the causal rounds).

The intake for BPT was enhanced from 60 to 100, and all the seats of BPT, MPT, B.SC and M.Sc Nursing were filled based on AICET and counseling. The total student strength got enhanced from **1933 to 2254**, a near increase of **16%**. In the fresh enrollment, there was a jump from **572 to 759**. Out of the total student strength, **58%** are women, justifying the women empowerment strategies of PIMS-DU. There was a fair representation of students from other states (around 70% in Medical and 15% in other institutions.)

4. Faculty strength

To meet the enhanced intake, additional faculty were recruited during the year, taking the total faculty strength to 598, wherein 35% of them were women. PIMS-DU has ensured faculty strength as per the norms of regulatory bodies.

Teaching, learning and Assessment

We are happy to state that our teachers are successfully employing the innovative methods of academic transactions like PBL, EBL, CAL, SDL and others, along with the blend of ICT. The systematic and methodological continuous internal assessment strategies were adopted to strengthen formative assessment. Emphasis was given to orientation, mentoring, remedial teaching and community based learning.

We are happy to state that PIMS-DU introduced double assessment with coding and decoding strategies involving mainly the external experts for UG examinations. In order to save one full year for unsuccesful

candidates of first year(MBBS), supplement exam was conducted within 5 weeks of last examination. The performance of students is very high and impressive as we peruse the results, average pass percentage is 86% for UG and 91% for PG studies.

The results are as follows:

MBBS: 90% MD / MS: 84% BDS: 86% MDS: 100% BSc (N): 88% MSc (N): 97% BPT: 78% MPT: 100%

MSc (Biotech): 87%

MPH: 75%

5. Research and Publication

We are proud to state that there is very good enhancement in the research output during the year as evident from the following data: Projects- 109, Dissertation (PG)- 248; Completed research project- 81, Completed PG Dissertation – 93, ICMR STS projects- 28 (19 ongoing and 9 completed).

Research publications- 325 (of which 207 are in international journals). A good number of clinical trials approved by CTRI are in progress

6. Collaboration and linkages

PIMS-DU has 30 international MOU's, of them 3 were signed during this year with Karolinska Institute, Sweden, University of Bari, Italy MOUs with Drake University and Oregon state university were renewed.

Though situated in a rural area, 10 teachers and 16 students of PIMS-DU went aboard on faculty student exchange program receiving foreign fellowships. Similarly 11 faculty and 6 students from aboard came to PIMS for studies and research work. Pravara Spinal Cord Injury Rehabilitation Center in collaboration with Swedish foundation and Karolinska institute was launched at College of Physiotherapy, PIMS-DU.

A total of **09** foreign students came to Center for Social Medicine for obtaining certificate course in Community Health and Rural Development. With the help of these initiatives, we are planning to strengthen research, health care and community services.

7. Enhancement of infrastructure

Sixth and seventh floor of new medical college building and Padmabhusan Dr Balasaheb Vikhe Patil lecture hall complex were made fully operational. The University offices have been shifted to 6^{th} floor of new building. The process to shift the Simulation Laboratory to the seventh floor has been initiated. The four storied building for College of Physiotherapy is nearing completion.

At PRH, new CSSD unit was commissioned, apart from up gradation of pneumatic shoot and non invasive cardiac lab facility, laser therapy, USG and PACS. Major equipments worth Rs **500 Lakhs** were added to PRH.

8. Health Care Data of PRH

We offer free treatment / consultation for patients including the basic diagnostic tests. As per the wish of our visionary, the health service is made free for children, mothers, IPD, elderly and referred patients of campus and ART. PRH runs 61 super specialty clinics and services, we are proud to state that we have state of art CCL based on green chemistry technology and modern radio diagnostics and radiotherapy. Being in a rural area we offer chemotherapy and radiation therapy for cancer patients through a PG Department of Radiation Oncology registered with Indian Cancer Registry.

Pravara Rural Hospital is covered under Mahatma Jothibai Phule Jan Arogya Yojana and it has been accredited as **A1 hospital** under the said Yojana by Govt of Maharashtra . PRH, a 1275 beded hospital with 18 modular OTs and ICUs, caters to around 2800 OPDs, 850 IPDs, 35 Operations, 30 normal deliveries, 3000 investigations of CCL & radiology diagnostics.

9. Extension and Outreach activities

PIMS- DU is proud to state that it runs 7 RHCs, 1 UHC and 2 THCs apart from Mobile Clinics. The PRH and CSM jointly organized 23 camps and treated around 11,000 patients. It has conducted 27 Voluntary Blood Donation Camps leading to 1044 number of Blood Bags. Our immunization process of children covers 235 villages spread across 13 Taluka's of 3 Districts.

The unique strategies of CSM to provide rural health care include training of FHW, Arogya Mitra, and establishment of Gram Arogya bank. The e arogya centers are directly connected to the main hospital for online consultancy. CSM has introduced a novel concept of m health program which includes mobile based care consultancy with experts and diagonostics.

Based on the recommendations of NAAC, PIMS-DU established four units of NSS, one each at RMC, RDC, CON and COPT. They adopted the villages, schools and camps to carry out Swatchh Bharat and Swasth Bharat and Swasth Bharat Abiyan, taking health care to the door step of common men. Mobile clinics, cardiac ambulances, mobile dental clinics are some of unique features of PRH. Due to good health care facility and treatment, maternal mortality at PRH is significantly lower than the State and National average. CSM conducted survey under the aegis of NACO and got the award and recognition for their excellent work.

10. Organization of seminar and conferences

The constituent units of PIMS-DU organized **04** International, **06** National and 02 State level S/S/W/C.

11. Innovative and Beat practices

- . NSS unit was established at all constituent institutions under PIMS-DU
- Organized IVENTUM Pravara National Research Conference for UG and PG medical students organized by Directorate of Research PIMS-DU. A total of 510 delegates from 07 states participated in the conference.
- . ICMR STS Projects for Medical Students.
- . Best extension & outreach activities covering 6 lakh population.
- Established Tribal Campus Center for Research in Tribal Health and Services and Pravara Tribal Health Center at Bhandardhara Tribal Area, inaugurated on 26th January 2018 (as per the suggestion of Chancellor).

- . Inauguration of CBNAAT Machine at Department of Microbiology for detecting the Multi Drug Resistant TB within 2 hours and available free of cost at PRH under Govt. of India & WHO Project.
- PADMANJALI a cultural feast organized by six constituent units of PIMS –DU with introduction of new events like Comedy Show by celebrities and Head Rush etc.
- Recently in NIRF 2018 ranking, although PIMS-DU participated for the first time, it was ranked in RANK BAND of 101-150 among 1200 universities of India and Overall RANK BAND of 151-200 among the 4500 institutions. We aim at NIRF 2019. Within 100 best universities in India.
- Digital Pathology Laboratory with international networking of pathologist to provide accurate diagnosis
 of cancer.
- Latest addition to CCL will be for "Nefro Check" to test kidney function and predict future risks.
 Because of the paucity of time, we have just enlisted the salient ones. We wish to conclude with the words

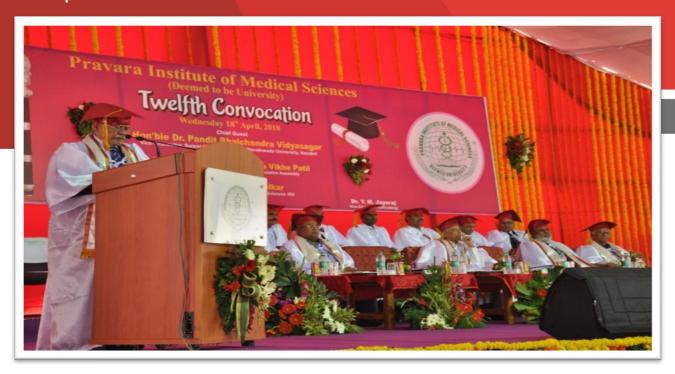

John Keats: "Heard melodies are sweet...unheard melodies are sweeter"

Robert Frost: The woods are lovely, dark and deep,
But I have promises to keep,
And miles to go before I sleep
And miles to go before I sleep.

Dr. Y. M. JayarajVice Chancellor,
PIMS-DU

Chief Guest - Hon'ble Dr. Vidyasagar Pandit Bhalchandra,

Vice Chancellor, Swami Ramanand Teerth Marathwada University, Nanded. Speech of Twelfth Convocation

Hon'ble Leader of Opposition in Maharashtra Legislative Assembly Shri Radhakrishnaji Vikhe Patil, Chancellor of Pravara Institute of Medical Sciences (Deemed to be University), Dr. Vijayji Kelkar, Pro-Chancellor, Dr. Rajendraji Vikhe Patil, Vice-Chancellor Dr. Jayarajji, Deans, Registrar, Teachers, Colleagues, Degree awardees, all invitees, ladies and gentlemen. Hearty greetings.

It is an honour to be at Pravara Institute of Medical Sciences (Deemed to be University), which represents a SAGA of that great change with all its spirit and sacrifice, struggles and achievements.

Pravara Medical Trust was founded by Late Shri. Vitthalraoji Vikhe Patil, Founder of cooperation movement in India in 1976. The same has been converted into the advance and progressive Deemed to be University by Shri. Late Balasaheb Vikhe Patil.

At present, the University has six different colleges and institutes under its fold and is a role model for providing urban amenities to rural areas i.e. PURA.

It is doing excellent work in the area of teaching, research and providing health services to the needy ones.

India has a long history of medical practice which begins with Sushruta a great physician and surgeon who discovered many medicines and established new surgical practices. In recent past, Dr. Dwarkanath Kotnis through his selfless medical services, in China, has made India proud. On the other hand, Dr. Anandibai Joshi was the first woman to complete two-year medical diploma in the United States. In India about 30,000 medical graduates pass out, every year, from government colleges and colleges under deemed to be universities. Among those, Pravara Institute of Medical Sciences (PIMS) Deemed to be University stands out in many respects. It has state of art diagnostic and treatment facilities, it provides health services to poor and needy ones with

affordable cost and is the only institute which has established a full-fledged health centre in tribal area hundred kilometres away from the main campus.

I feel this occasion is an opportunity for me to do some thinking about medical teaching, research and health care. I have been working in the area of medical and health physics for the last thirty years. I have made research contributions on the topics such as early diagnosis of leprosy and retinitis pigmentosa. For my Ph.D. work I carried out human dissection and measured nerve conduction velocity in ulnar nerve of leprosy patients. Over the years, I have designed and taught courses on medical instrumentation, bio medical techniques and medical physics. I have guided medical doctors and medical physicists for Ph.D. degree. I have also written books on medical instruments and CT-scan. That gives me moral boost to present myself before you.

Higher education in India is at cross roads and medical education is no exception. In order to cater to the societal needs in 21st century, fundamental changes in the area of education, research and health care practice are required. The present curricula in the medical field needs changes which are consistent with the requirements in 21st century. Especially, when compared with the developing countries, medical curriculum lacks subjects such as medical physics. The subject like biophysics is taught under physiology and has been reduced to nothing. The meagre mathematics background may also cause inconvenience for the doctors in coming years when data handling situations would arise. More than that, the present teaching learning methods are not satisfactory. Memorising and writing in the exam is still a prevailing practice. The time has come to move towards conceptual learning. It needs revision of curricula and change in teaching learning methods.

It is envisaged that under-graduate medical curricula needs integration. It will provide wide based experience to the medical students. Understanding of community needs should form the basis of such a change.

In the recent past, medical knowledge has increased exponentially. Against this background, Information Technology has a distinct role to play. In the present time, pattern of diseases is different and health care delivery system has undergone drastic change. There is a demand for social accountability and patients' expectations are different. Not only that the students body, at present, is also different than the earlier one.

It brings forward the need to change the educational pattern. Patient centric education is the need of the hour and exploring e-learning is necessary. Medical professionalism and ethics have assumed more importance. Enrichment of learning resources are needed through virtual learning environment and distance learning. Various types of learning methods have been suggested, which include peer assisted, problem based, task based and outcome based. The pattern like choice based credit system is essential to provide students more options and electives.

In short, the education system needs to move from teacher centric to student centric, from information gathering to problem solving, from discipline based to interdisciplinary, hospital based to community based, from structured (rigid) to flexible with electives and options, lastly from opportunistic to systemic.

Since the last few decades, perception about the Doctor in Indian community is changing rapidly. Tradition of family doctor is no more in existence and hence association of patient with doctor is on a temporary basis. The other reason is that most of the specialist doctors are on pay roll of big hospitals and patient has no choice of selecting a doctor.

Many times more than one Doctor attends the same patient hence, period of interaction is minimal. Common person is experiencing panic based hospitalisation and big bills. As a result, the expectations from the Doctors are very high and in any case patient and relatives are not in a mood to accept failure. The incidences of attacking hospitals and individual Doctors are on the rise.

The biggest challenge before the new graduates would be to make an effort to restore the faith of patient and society as a whole in medical practice. This will help to get back the past glory to medical profession.

Instruments have become an essential part of medical practice. It all started with the invention of stethoscope by Leanac in the mid nineteenth century. A simple and elegant instrument came handy to listen to chest sounds and make the diagnosis. It also gave doctors freedom from awkward situations in which they had to press the ear on the chest of the patient. The advancement in technology brought more and more instruments to help diagnosis and treatment. Now we have machines to measure electrical potentials such as, ECG, EEG, EMG, ENG, EOG, VEP, AEP and SEP. These electrical potentials from different organs help to diagnose various diseases and disorders. Another revolution happened when x-rays were discovered by Rontgen. He not only discovered the X-rays but demonstrated the use by taking a picture of his wife's hand. It clearly demonstrated that doctors can use X-rays as a 'third eye' to see the internal organs. Initially, it was a shadow but development of Computed Assisted Tomography (CT-SCAN) brought it in an image form. Now image processing has occupied the center stage in medical practice. At present imaging using ultra sound, infra red, gamma rays, and magnetic resonance has become a routine practice. This is also true for the machines used for the bio chemical analysis.

With advancement of artificial intelligence more and more machine intelligence will be available. The question is, whether human conscience and human values would be lost due over dependence on machines. Keeping conscience alive and values intact would be the biggest challenge before you. I am sure the legacy of PIMS would act as a guiding torch for you.

Data collection and data mining has assumed a great importance as it helps to identify epidemic patterns, disease migration, nutritional deficiencies, birth rate, foeticide and ageing. PIMS has a great potential to develop a systematic data base. It can also develop analytical tools which will be helpful for studying effectiveness of health care system. The same can be used to predict trends in disease pattern and probable epidemic

On research front, there are many areas which have been opened up in the recent past. The newer technologies are being tested for implementation in medical practice. For example, Gene editing and personalized medicine are some of them. Artificial intelligence is an area which is developing very fast and will influence health and society in coming years. Virtual reality will have many applications in diagnosis and treatment. The other technologies such as 3D printing will bring innovations in medicine and health practices. However, the questions related to financial policy and ethics will have to be answered satisfactorily. The hospitals in future will undergo total transformation and will cater better nursing services and improved health care. The other issues which will assume importance include challenge of digital transformation and considering food as medicine, appreciating the power of woman in medical field and eliminating of gender bias.

PIMS has taken assuring steps in this direction by actively engaging itself in research projects on wider basis. These include areas such as clinical trials, medical sciences, dental sciences, physiotherapy, nursing, social medicines and medical bio-technology. The institution has several publications to its credit and has also obtained patents through research work.

Pravara Institute of Medical Sciences (Deemed to be University) has state of art diagnostic and treatment facilities which can be effectively used for clinical research. However, well defined plan for international collaboration and undertaking research problems, which will help global innovation is essential.

Providing quality health service to the common public is the biggest challenge before the developing countries. India is facing a daunting challenge to eradicate diseases like Tuberculosis and Leprosy. There are 2.2 million cases of Tuberculosis in India. This is almost twenty five percent of total TB cases all over the world. Due to irregular medication the bacteria has become resistant. It has mutated from MDR to TDR (Total Drug Resistant). This is causing great alarm. Similar situation is arising in case of Leprosy.

Against this background community services form an important and integral part of medical institutions. Pravara Institute of Medical Sciences stands out in this respect. It is very heartening to note that Pravara Institute of Medical Sciences has been engaged in community services through various programmes. It conducts HIV / AIDS and family life educational programme. It has undertaken a project on reproduction and child health. It has also adopted the modern techniques under tele-health project. Various programmes are being conducted for sustainable development of a multi-sectoral approach through support from SIDA. Community health development centre and paediatric and cardiac surgery projects are under way.

I am sure that under the leadership of Hon'ble Radhakrishnaji Vikhe Patil Chancellor, Vice-Chancellor and Pro-Vice-Chancellor along with active participation of teaching and supporting staff, the dream of bringing the institute among first ten medical institutions in India can be realized in near future.

Students are the Ambassadors of any University. When they go out and perform at the highest level, it will bring laurels to the institute.

I wish all the graduates a better future and opportunities to excel in their respective field.

I thank Dr Sarjerao Nimse and management of the University for giving me this honour and opportunity to express myself.

Thank you,

Pandit Vidyasagar Vice-Chancellor SRTM University,

Guest of Honour - Hon'ble Namdar Shri. Radhakrishna E. Vikhe Patil,

Leader of Opposition, Maharashtra Legislative Assembly, Government of Maharashtra, Speech of Twelfth Convocation

Chief Guest of Twelfth Convocation Hon'ble Dr. Pandit Vidyasagar, Vice Chancellor, Swami Ramanand Teerth Marathwada University, Nanded, Hon'ble Chancellor of PIMS Dr. Vijay Kelkar, the Padmavibhushan awardee and renowned economist of the India, Dr. Rajendra Vikhe Patil, Trustee & Secretary & Chief Executive Officer of PMT & Pro-Chancellor PIMS, Dr. Y.M. Javarai, Vice-Chancellor of PIMS-DU, the esteemed members of the Governing Board, Deans of various Faculties, Teachers, Distinguished invitees, Dear Students, Ladies, Gentlemen and Media Personnel. I feel very happy to be here for the "12th Annual Convocation of Pravara Institute of Medical Sciences, Deemed to be University, Loni. At the very outset, I convey my heartiest congratulations to the students on their successful completion of their academic programs and being conferred with their hard earned degrees and awards. I also wish to convey my greetings to the learned faculty for their untiring efforts in providing quality education to the students. The quality education offered at this university is also confirmed by NAAC recently by awarding grade A. I congratulate all concerned who had taken all the efforts for achieving the same. After getting the better place, the sustenance is more important and I am sure you will make all efforts in that direction. Dr. Vitthalrao Vikhe Patil, a farmer of Loni, a draught prone backward village of Maharashtra, realized the importance of integrated rural development to solve the problems of illiteracy, poverty, hunger, unemployment, social inequality, economic exploitation, poor public and personnel health, shelter, clothing and basic amenities in rural areas, which were the real challenges before a young independent India in 1947. The rare visionary was full of ideas, courage and determination to address these issues head on directly. He initiated the revolutionary cooperative movement of farmers to achieve the impossible – "integrated holistic sustainable rural development". He aimed at realizing "Gram Swaraj" in true letter and spirit. The cooperative movement of farmers led him, aimed at the issues of agriculture, livestock development and agro based industry (1948), "primary, secondary and collegiate education (1964) and cooperative banking (1972). All these initiatives started transforming the draught prone backward village towars the path of integrated sustainable rural development-social, political, economical. This realistic cooperative midel was appreciated be one and all, across the nation. In order to address the issues of

comprehensive rural health care, he established the Pravara Medical Trust in 1972, Pravara Rural Hospital in 1976 at Loni and several rural health centres.

For this illustrious social work and sacrifice, Government of India honoured him with the award of "Padmashree" in 1962. Pune University conferred on him the honorary D.Lit in 1978 and established a Chair in his name to undertake research in rural development (1981). Mahatma Phule Krishi Vidyapeeth conferred on him the honorary D.Sc.in 1979. We offer our tributes to this rare visionary. His work is acknowledged by Govt. of Maharashtra by observing his birth day as farmers day in the state of Maharashtra.

Rural Development Model evolved by visionary Padmashree Vitthalrao Vikhe Patil, is based on the integrated holistic approach to solve the problems of rural people. The mission and ideas of this great visionary was further developed and nurtured by his son Dr. Balasaheb Vikhe Patil, Padmabhushan Awardee, Parliamentarian (8 times), Statesman, humble social worker and visionary leader of masses. He continued the cooperative movement for integrated rural development and further strengthened comprehensive rural health care. His contribution in development of each and very small and big thing is so much, we are missing him at every moment. We have suffered great loss. Pravara Institute of Medical Sciences (Deemed to be University) has been established in a drought prone rural area at Loni, Tal. Rahata, in Ahmednagar district of Maharashtra. This institute fulfills the same vision as anticipated by the first commission on university education. The roots of establishing an university in this area extend in the development.

Pravara Institute of Medical Sciences (Deemed to be University) in its quest to provide globally competent higher education, build efficient health care delivery system, facilities joint collaborative academic and research activities and exchange on faculty and students. The knowledge should become the base for rural development is the philosophy of Khasdarsaheb. The Deemed to be University status has helped to promote "Think Globally Act Locally" concept. PIMS have signed Memorandum of Understanding with 30 foreign Universities with the objective to promote academic and research activities through faculty and students exchange programs.

Education does not consist in the accumulations of information and facts form a multitude of books. Reading of books can only enrich you with the information that you may gather but can never give you good qualities. A good education is a process by which character is improved and by which one will be able to use one's intelligence and sharpen one's mind so as to distinguish right from wrong. Good character is the precious jewel in human life. It is only when the contents of education are closely linked with ideals of sacrifice, forbearance, truth, and love that the youth will get the benefit of education. Difficulties come and go like passing clouds. You do not need to worry about them. When the clouds move away, the sun will be visible again. Then it is easy to cultivate good thoughts and feelings in the heart thus illumined. Education does not end with the accumulation of information; it must result in transformation.

You have a long journey ahead. Remember that all of us have great expectations from you and the present youth population will have a lot to contribute in the national endeavour of rapid growth and development. You all belong to the youth community, the future of India's culture of excellence is not by accident. It is a process where an individual or organization of nation continuously strives for oneself to excel. The performance standards are set by themselves. They strive to work to their potential. In the process, they increase their performances, thereby multiplying further their potential, and this is an unending life cycle

phenomenon. They are not in competition with anyone else, but themselves. That is the culture of excellence. I am sure, each one of you will aspire to become unique with this culture of excellence. Finally, to sum up, I wish to quote Swani Vivekanandaji who said "Education is the manifestation of perfection already existing in man" and with these words I wish you all a bright career and a future ahead with the hope that you will use all the knowledge gathered in the precincts of our alma mater for the benefit of the society and humanity at large.

Namdar Shri. Radhakrishna Vikhe Patil

Leader of Opposition, Maharashtra Legislative Assembly, Govt. of Maharashtra

Dr. Vijay Kelkar, Chancellor of

Pravara Institute of Medical Sciences (Deemed to be University), 12th Convocation Ceremony (18th April, 2018) delivering Convocation Address

Chief Guest of Twelfth Convocation Hon'ble Dr. Pandit Bhalchandra Vidyasagar, Vice-Chancellor, Swami Ramanand Teerth Marathwada University, Nanded, Shri Radhakrishana E. Vikhe Patil, (Leader of Opposition, Maharashtra Legislative Assembly), Dr. Rajendra Vikhe Patil, Pro-Chancellor, Dr. Y. M. Jayaraj, Vice Chancellor, Members of Board of Management, Academic Council, Finance Committee, Deans of faculties, Trustees, distinguished invitees, Principals and Directors, Faculty, Students, Graduates, Media Representatives and Ladies and Gentlemen

It is a matter of great pleasure and privilege for me to be here today. I congratulate all the graduating students who have received their degrees and medals today. At the outset I Congratulate **Shri Radhakrishan Vikhe Patil** for his different role as Leader of Opposition in Maharashtra Legislative Assembly.

On behalf of PIMS (DU) and my own I extend to you all a very warm and hearty welcome.

Really, we had suffered a big jolt due to loss of Padmabhushan Dr. Balasaheb Vikhe Patil. He will always be remembered due to the extensive work he has done for the integrated rural development of this entire area encompassing all the sections of development.

As a minister, as a Parliamentarian, as a leader of the masses and as a human being he has always been remembered by everyone.

I always feel that Balasaheb should have lived more to see your various achievements. Particularly NAAC 'A' grade and evaluation of the Pravara Institute of Medical Sciences, (Deemed to be University) by UGC Expert Committee. I am also happy to note that PIMS-DU has secured the Rank Band of top 101-150 Universities of India in NIRF 2018, announced on 3rd April, 2018. I congratulate you all who have done all the efforts for this. But you should not stop here, you should think of A⁺⁺ always. I always say that there are plenty

of opportunities but you need to explore them. There is a vast scope in doing research in Tribal area. The tribal population is 7% of total Indian population. That means nearly 12 crore population in India is the tribal population. Maharashtra is having the major belt of tribal population in 5 districts and also pockets in the other districts. I am aware that we are serving in tribal population. But what we are doing at present is only a beginning, we should do such concrete work and as an University be involved in research work in the tribal area. This will be a real tribute to Padmabhushan Dr. Balasaheb Vikhe Patil.

Before I finally conclude, I once again extend my heartiest congratulations to the students. Please remember, the Nation looks to you with high expectations. Looking at your bright faces brimming with energy and purpose, I feel that you would live up to the expectations placed on your strong and able shoulders.

Dr. Vijay Kelkar, Ph.DChancellor, PIMS(DU)

Research Activities

Dr. Rahul KunkulolDirectorate of Researchh

Research is an integral part of any academic, non-academic learning, innovations and developmental activities integrated with problem based teaching and learning process. Research has always been a priority area in every discipline of medical, dental and allied health sciences at Pravara Institute of Medical Sciences (Deemed to be University) due to factors like high incidence of communicable diseases amongst rural masses along with emerging and re-emerging diseases, increasing incidence of non – communicable diseases and inadequate health care delivery system.

Research is also considered as an essential dimension for the growth and development of the institute. All research projects are carefully screened for quality, need based and their application in the rural health care delivery system. Multi disciplinary projects addressing the contemporary issues of medical and health sciences applicable to rural health remain on priority.

The element of research is inducted to medical students when they are in their 2nd year M.B.B.S in the form of simple applied projects. More complex research tasks are given to them while undergoing their internship.

To appreciate the efforts of researchers within the University, the Chancellor Trophy has been instituted for the best research paper of the year, along with a cash prize for the first author.

For the year 2017-2018 "The Chancellor's Rolling Trophy for Best Research Paper 2017-2018" was awarded to Dr. Akshaya Shetti of Department of Anaesthesia, The trophy was awarded on 29th Sept. 2017 at the Anniversary Function of PIMS -DU.

Review of Directorate of Research Activities

33 Undergraduate Students research proposal were sent for STS scholarship to ICMR, out of which 09 have been selected for STS ICMR 2017.

STS ICMR Awarded Proposals 2017

Sr. No	Name	Guide	Title
1	Dimple M. Tarwani III rd MBBS Student	Dr.Rahul Kunkulol Pharmacology	Study of number of hours of sheep with changes in blood pressure amongst medical students in western Maharashtra
2	Pranjal A.Sharma III/ III MBBS Student	Dr. Sandeep Narwane Pharmacology	Study of the Perceptions regarding generic medicine in rural setup of Loni, Maharashtra.
3	Abhishek R Jain III/Ist MBBSs	Dr Anup Kharde Community Medicine	Mental Health status and treatment outcome of tuberculosis patients
4	Suhrud Bangal II/II MBBS Student	Dr. Vandana Jain Oncology	Study of Patterns of Receptors (ER, PR and HER-2) in Carcinoma Breast Cases: from Tertiary Cancer Care Centre in Rural Maharashtra, India.
5	Akshay Dandekar II/II MBBS Student	Dr. Akshay Bhandari Opthalmology	Differences in visual acuity with various types of cataract surgeries in senile cataract at Pravara Rural Hospital, Loni.
6	Vidhi V. Khanolkar II/II MBBS Student	Dr. Anuj Kumar Paediatrics	To Study the association of maternal haemoglobin with IUGR babies in a rural area based tertiary care centre in Loni
7	Prathamesh Dombe II/II MBBS Student	Dr. V. B. Bangal Obstretic Gynaecology	Study of Incidence and causative factors for surgical site infections following caesarean section at Pravara Rural Hospital.
8	Shriniwas Mathur II/ II MBBS Student	Dr. Rachna Sable Paediatrics	A Study on safety and efficacy of Deferasirox, an Oral iron chelator in the treatment of transfusion haemosiderosis in children with B-Thalassemia Major in a tertiary care rural hospital.
9	Sumeet M. Vaidya II MBBS Students	Dr. Vaishali Phalke Community Medicine	Study of Ophthalmic Morbidity among School Children in Tribal Area of Ahmednagar District (M.S.).

Pravara STS Awarded Proposals 2017- 2018

Sr. No	Topic	Name	Guide	Departments
	l Medical College			
1	Study of number of hours of sleep with changes in blood pressure amongst medical students in western Maharashtra	Dimple Manoj Tarwani III rd MBBS Student	Dr.Rahul Kunkulol	Pharmacology, RMC
2	To Assess and Compare the Causes of Death in A Rural Setting (Loni)	Shoibalini Ashish Karmokar MBBS Student	Dr. Sanjay Buktar	FMT, RMC
3	Clinico-Epidemiological characteristics of Snakebite Patients Admitted in Rural Tertiary Care Unit of Maharashtra	Rahul Rajkumar Hotwani	Dr. Akshaya N. Shetti	Anaesthesia, RMC
4	To Study the association of maternal haemoglobin with IUGR babies in a rural area based tertiary care centre in Loni	Vidhi Vinay Khanolkar II/II MBBS Student	Dr. Anuj Kumar	Paediatrics, RMC
5	Cigarette smoking Behaviour and the related factors among the Medical Students across Maharashtra	Vishal Chanan & Shobha Sachdeo III/III MBBS	Dr. Rahul Kunkulol	Pharmacology, RMC
6	Study of Patterns of Receptors (ER, PR and HER-2) in Carcinoma Breast Cases: from Tertiary Cancer Care Centre in Rural Maharashtra, India.	Suhrud Bangal II/II MBBS Student	Dr. Vandana Jain	Radiotherapy
7	Outcome of Intralesional of Trimcinolone Acetonide in the treatment of Chalazaion : An Observative Study.	Sushil Jagdish Khanwani 3 rd Yr MBBS	Dr. Kishor Badhe	Ophthalmology, RMC
8	Evaluation of an infrastructural & functional status of the mortuaries in Ahmednagar District of Maharashtra	Shubham Adinath Gadekar MBBS Student	Dr Mohan Pawar	FMT, RMC
9	To Study of Incidence and causative factors for surgical site infections following caesarean section at Pravara Rural Hospital.	Prathamesh Dombe II/II MBBS Student	Dr. V. B. Bangal	OBGY
10	Carcinoma breast at younger age group : a Histopathological Perspective	Aditi Jain II/ III MBBS	Dr. Gunge Ratnaprabha	Pathology
11	Screening for Vitamin D Deficiency Among Pregnant Rural Population.	Tanvi Manish Ajmera II/I MBBS	Dr. V. B. Bangal	OBGY
12	Use of H2 Blockers, Proton pump Inhibitors and Anta-ACIDS in Students residing at Hostel of Rural Medical College, Loni.	Priyanka Sangram Aher	Dr. Sandeep Narwane	Pharmacology
13	Deep Vein Thrombosis in burn patients at Pravara Rural Hospital, Loni.	Danturti Niharika II/II MBBS Student	Dr. R. Ravishanker	Surgery
14	Study of Acute myocardial infarction for risk factors, Clinical presentation and outcomes in rural population, Loni.	Pranoti S. More MBBS Student	Mallikarijun K.	Medicine
15	Evaluation of Seroma formation following breast carcinoma surgeries in a rural population, Loni.	Sukriti Soni MBBS Student	Dr. Shaikh M. H.	Surgery

16	The Clinical features and different types of treatment of Pterygium given to the patients of Pravara Rural Hospital, Loni.	Nirali Gupta MBBS Student	Dr. Chauvhan Waman	Ophthalmology
17	Study of stress, Anxiety, Depression, Resilience and Lifestyle in concurrent and post-radiotherapy cancer patients in Pravara Rural Hospital, Loni.	Mrudula Suryakant Mungase MBBS Student	Dr. S. Chaudhary	Psychiatry
	Rural Dental College			
18	Mouth opening and trismus in patients undergoing curative treatment for head and neck cancer.	Sakshi Gaikwad III BDS Students	Dr. Harish Saluja	Oral & Maxillofacial Surgery

Achievements in 2017-18

A] List of Faculty Awards 2017-18

Sr. No	Faculty Name	Achievements
1	Dr. Rahul Kunkulol Professor Directorate of Research Dept. of Pharmacology	❖ Best Outstanding Teacher Award in 2017-18 from PIMS-DU, Loni on 3 rd Oct. 2018
2	Dr. Akshaya N Shetti Associate Professor Dept. of Anaesthesia	❖ 1st prize for the best Poster presentation at IPSA conference Kolkata.
3	Dr. S.V. Yadkikar Associate Professor Dept. of Orthopaedics	Presented Paper Management of Segmental & communited tibia fractures by ilizarov ring fixator-Won 2 nd Prize on 8 -10 Dec 2017
4	Dr. K. P. Badhe Professor, Dept. of Ophalmology	 Conferment of Dr. J. C. Khanra & Sarala Khanra Memorial ACOIN Award
5	Dr T Sivabalan Principal College of Nursing	❖ Best Poster Presentation award on 24/04/2017, National conference on HEALTH CON, Indore.

B] Students awards:

Name of Conference	Name of Students	Event	Prize
Ethos-2017	Surud Bangal	Poster Presentation	II Prize
	Sikandar Khan	Poster PG	II nd Prize
	Nirali Gupta	Poster UG	II nd Prize
	Dr. Ajinkya Jadhav	Case Presentation PG	I st Prize
	Prashant Agrawal	Case Flesentation FG	II nd Prize
Inventum 2018	Christabel Gomes	Case Presentation UG	I st Prize
inventum 2018	Anu Joy	Debate	I st Prize
	Pallavi, Shobha, Kartiki	Quiz	I st Prize
	Vishal & Shobha	Medslam	I st Prize
	Missing touch	Symposium	I st Prize
	Life lane	Symposium	III rd Prize

Research Incentive Scheme (RIS) 2018

"Committee for Research Incentive Scheme (RIS) 2018"

A meeting of "Committee for Research Incentive Scheme (RIS)" at PIMS – DU was conducted on 12th September 2018 in the Directorate of Research under the chairmanship of Dr. Somasundarum, Director, CSM, PIMS-DU, Loni, to scrutinize the application received under the RIS and to propose list of awardees under RIS – 2018.

Following were the members of the meeting:

- 1. Dr. Somasundaram, Director, CSM, PIMS-DU, Loni Chairman.
- 2. Dr. T. Sivabalan Principal, CON, PIMS-DU, Loni Member
- 3. Dr. Viddyasagar, Principal, RDC, PIMS-DU, Loni. Member
- 4. Dr. Sandeep Narwane, Asso. Prof. Dept. Pharmacology Member Secretary

List of the awardees of RIS 2017-2018

- ❖ Dr. V.B. Bangal, Department of OBGY, Rural Medical College, Loni, was awarded 1 increment in salary in view of 6 International Original Publications and two National Publications (2.I.c)
- Publications (International publications)

INVENTUM 2018

Natilan Level UG/PG Medical Resarch Confernce

Dr. Rahul Kunkulol Orgainizing Chairman

Inventum' 18 is an initiative by the Pravara Institute of Medical Sciences NAAC accredited 'A' Grade University to harness and direct the intellectual capacity that all of us have in our minds in the form of a medical convention.

Inventum, a biennial program organized in 2014, aims to be a wholesome experience of what medicine is. An unique journey of learning, research and competition.

After the huge success of Inventum' 14 and 16, Directorate of Research, PIMS (Deemed to be University) Loni, in collaboration with Rural Medical College organized Inventum' 18 – Pravara National Research Medical Conference for UG and PG Medical students. This conference has always provided the young budding researchers a ravishing experience with cognizant exposure and a national platform to showcase their research abilities in an ingenious manner with an alluring idea of "An ode to Brilliance".

The Chief Guest for event was Adv. Ujjwal Nikam (Senior Advocate & special Public Prosecutor)

There were 500 registrations of students from Goa, Maharashtra, Gujarat, Andhra Pradesh, Jammu & Kashmir.

Events constituted of 05 plenary lectures from eminent faculties like Dr Karri Rama Reddy, Dr Poonam Goel, Dr Jagdish Chaturvedi, and Dr. Vijay Dahiphale.

Other events were paper, poster presentations, symposium, quiz Medslam and debate competition.

Central Library

Dr. S. S. HapaseLibrarian, PIMS-DU, Loni Bk.

The PIMS, DU Learning Resource Centre (LRC) is rapidly developing to be one of the most sought after professional education & research referral library. The service was started in the year 1984. All bibliographic details of books, journals and CD-ROM databases are accessible through the campus wide network. The library has a vast number of printed documents, and as on date, subscribes to over 327 national and international journals.

The Library has established contacts with other organizations for exchange of the Institute's publications and inter-library loan arrangement.

To stay advanced and provide students with the best of the latest services, the Library is Wi-Fi enabled, that allows students to access the internet through the wireless router, anytime from the Library

- Central Library of PIMS is fully digitalized with Tech Focuz LMIS Version 2.7 with Library Module, Administration, Circulation, OPAC-Online Public Access Catalogue made available to users/staff
- Library is an Associate Member of DELNET, Developing Library Network, New Delhi.
- Library is a user member of MUHS digital library, Nashik.
- Wi-Fi facility made available in the Central Library as well as in Colleges/Institute premises
- E Library 50 Terminals, Internet, e-Database
- Medline facility available
- 24hrs reading facility made available throughout the year.
- Photocopy facility have been made available in the Central Library
- Barcode Technology is used for circulation of Books and Journals.
- Purchase of more Text Books, Reference Books, Journals and subscription of online Journals.
- All the existing facilities are reviewed and new ones are purchased as per the requirements of the various departments
- Close circuit Camera for security.
- Building measurements in sq.ft.: 3542 Sq. Meters
- Sections in the Library :Stack Section, Xerox Section, Periodical cum Reference Section, Internet Section, Reading Hall, (UG, PG, and Staff) and Audiovisual Hall

• Maintenance Policy & Procedure

All the maintenance work is carried out in the department. Annual maintenance contract for all the computers has been given to an external agency. The agency has deputed one resident support engineer in the campus. In house support is provided to the application software problem, network problem and printer maintenance. The user has to lodge the complaint through a web based application.

• Complaint Handling Mechanism

The complaint lodged by the user through the web based application is initially transferred to the computer maintenance supervisor. Maintenance supervisor forwards the complaint to the concerned engineer depending upon the nature of complaint. The user can see the status of the complaint at any given point of time from his own department through the same web based application.

Technology up gradation (overall) 2017-18

	Total Computers (Office/Departments)	Thin Client	Internet
Existing	492	63	40 MBPS
Added	90	38	
Total	582	101	40 MBPS

• Campus WiFi Facility

The WiFi facility is being provided in the campus since 2012 in a phased manner. Initially it has been extended to the Medical College , Dental College, Nursing College and Biotechnology College campuses including OPD building. Later on it has been extended to International Hostel, RMO hostel , PG ladies hostel with full coverage and boys hostel and UG ladies hostel with partial coverage. Now full coverage is being extended to entire UG Ladies hostel complex and Centre for Social Medicine

Campus WiFi Facility has been extended to New RMC Building, New Physiotherapy building, Ladies Hostel 1, 3, and New Boys hostel.

• Hospital Automation Software

New Hospital management system with LIS (Laboratory Information system) and RIS (Radiology Information system is under implementation process.

Cloud Base Campus Automation software is implemented for Academics, Fees, Hostel Management, Attendance etc.

• Future plans

Additional modules to existing PIMS base software could be extended to Examination Department automation and automation software for University.

- Encouraged and facilitated organization of Institutional level workshops & seminars.
- Plan of Action by IQAC / Outcome

The plan of action chalked out by the IQAC in the beginning of the year towards quality enhancement and the outcome achieved by the end of the year 2017-18.

Name of the Institutes		Plan of Action	Achievements
Rural Medical College (RMC)	•	Promoting faculty to undertake Medical Education Technology Workshop Conducting Research Methodology, BLS & MCCD Workshop - for Faculty, PG students and Research Scholars	 Faculty members successfully participated in the programmes Two Research Methodology, one BLS & one MCCD Workshops were organized for Faculty, PG students and Research Scholars.
	•	To hold state level scientific programmes	Successfully held scientific programs

Rural Dental College (RDC)	 To conduct Annual Student's Scientific Convention for students To hold at-least one CDE programme every month To activate inter departmental scientific meet every month. To promote students in various sports and cultural activities at state & national level. Publishing of research paper in International & National Journals Revised DCI MDS 2017 Regulation. 	 The department of Oral Medicine & Radiology of RDC successfully conducted 9 th Students' Scientific Convention 2017 from 28th – 30th September, 2017 at Loni with 16 National speakers and 175 participants. The event was co-sponsored by Colgate. CDE programs were conducted The Department of Oral Surgery organized a workshop in association with Association of Oral & Maxillofacial Surgery, Maharashtra Chapter. Inter departmental scientific meet/seminar regularly conducted. Students of RDC participated in Sports and cultural activities held at both State and National Level. The faculties of RDC published research paper in International & National Journals. Implementation of the Revised DCI MDS 2017 regulation was discussed in the BOS meeting and appropriate steps were taken for implementation of the new regulations for the MDS admission batch 2018-19
Dr.A.P.J. Abdul Kalam College of Physiotherapy	 Research Collaboration with K.I, Sweden (Karolinska Institute) Digitalization of Teaching Resources. To conduct International Workshop. Enhance objective assessment 	 Formation of Research Project along with staff in K.I. Sweden in process Staff and Student Linnaeus Palme Staff Exchange Programme in Karolinska Institutet, Sweden. Erasmus plus Scholarship Programme with PG Student Research Project. Shifting of OPD and Administrative block to new Physiotherapy Building Digitalization of Time-Tables and Attendance with the help of TCS-ION venture. Introduction of OSCE/OSPE Formation of Exam Cell for internal Assessment
College of Nursing (CON)	 Organize workshops and conference. Research activity by faculty and students Research publications Community extension activities 	 Organized State Level workshop on Workshop on Trio-Domains in critical care nursing: A pathway to quality nursing care Organized Institutional level Workshops on Basics of Computer in Nursing, English In 'Nursing' and 'Human Values and Personality development'

Medicine	To Start new Diploma programs	Diploma in Optometry and Ophthalmic Assistant was started from AY 2017-2018.
	To upgrade the physical infrastructure and services at Tribal Area	 The new tribal campus was started and Tribal Health Centre was shifted to a new campus. Centre for Research in Tribal Health and Services was started. Motorbike Ambulance was launched and made functional for the services of Tribal people
	To plan a guest lecture	Guest lectures were conducted for the students.
	To plan to increase the number of skill development courses.	Inspection for following Skill Development Courses was conducted by MSSDS. The courses are likely to start from AY 2018-2019. Operation Theatre Technician Dialysis Assistant Central Sterile Supply Dept (CSSD) Technician Radiology Technician Therapeutic Massage Technician Pharmacy Assistant Lab Technician Lab Assistant Dietician Assistant Health care Multipurpose Worker

International Collaborations

Sanjeev G. Kulkarni, Associate Professor in Microbiology Incharge, Directorate of International Relations

Pravara Institute of Medical Sciences – Deemed to be University in efforts to bring in internationalization of the higher education, has further strengthened the existing collaborations by seeking international funding for exchange of staff and students through Erasmus Mundus Scholarship Programme, Erasmus + and Linnaeus Palme Scholarship Programme.

These efforts have provided international exposure to our students and faculty by seeking higher education at European Universities and enhancing their clinical skills and pedagogic approach.

International students have been actively participating in the electives and international faculties have been rendering their expertise by participating in teaching activities, guiding PhD students, delivering Guest Lectures and workshops for the students and faculty of PIMS – DU. Participation of the international students in the International Certificate Course in Social Health and Development from all over the world, is very encouraging.

PIMS University through its international collaboration has been striving hard to seek international exposure for the students making them GLOBAL CITIZENS of the world.

The University seeks its inspiration from Founder Father of PIMS DU, Late *Padmabhushan* Dr Balasaheb E Vikhe Patil, Former Union Minister for Heavy Industries and Public Enterprise, Govt of India, to bring in International exposure to our students and upgrade the health care delivery system through the co-operation of International faculty, at this university, situated in the rural area.

The activities of International Relations are implemented under the guidance of Dr. Rajendra E Vikhe Patil, Hon'ble Pro Chancellor & Chief Executive Officer, PMT/PIMS – DU and Dr. Y. M. Jayaraj, Hon'ble Vice Chancellor, PIMS - DU

Objectives of the International Collaborations:

- To promote and provide opportunities, to facilitate collaborations, networking with International Universities/Institutes/Organizations for promotion, advancement and sharing of academic and research knowledge and activities in medicine, health and allied sciences, for development of mankind in India and abroad.
- To promote and provide all possible arrangements for national and global participation in the fields of health, management and allied sciences.
- To serve and work towards improvement and development of rural life and the general population through International collaborations.
- To undertake and encourage joint collaborative research activities among student & faculty.
- To exchange knowledge and experience of participating institutions in the field of Health Sciences and Allied Science.

Areas of Joint Collaborative Research:

Medical Science, Dental Sciences, Nursing Science, Rural/Remote Medicine, Occupational Medicine/Health, Communicable & Non-Communicable diseases, Reproductive & Child Health, Emerging and Re-emerging diseases, Public and Community Health, Health Policy, Health Management & Economics, Health Care Financing, Health Care delivery system, Health Informatics, e-health, Alternative systems of medicine, Medical Biotechnology etc.

DETAILS OF INTERNATIONAL COLLABORATIONS

Sr. No	Collaboration & in Association with year of Collaboration	Objectives	Duration
1.	Wayne State University, Detroit, USA	Exchange of Staff and Students in Medical Faculty	2018 - 2023
2.	University of Bari "Aldo Maro", Italy	Exchange of Staff and Students in Dental Faculty	2018 - 2023
3.	Karolinska Institute (Medical faculty), Sweden	Exchange of Staff and Students in Medical Faculty	2017 - 2022
4.	Drake University, Des Moines, USA	Student / Staff Exchange and Research – CSM, CBT & College of Ayurveda	2012-2022
5.	Pioneer Medical Research Foundation, Novi, Michigan, USA	Upgrade the neonatology unit at Pravara Rural Hospital and provide neonatology facility at Tribal Health care centers - Rural Medical College	2016 – 2021
6.	Exchange Programme with Department of Neurobiology, Care Sciences and Society, Karolinska Institute, Sweden	Student / Staff Exchange – through Linnaeus Palme Scholarship Programme & Erasmus + funding - Dr APJ A K COPT	2012 – 2021
7.	University of Worcester United Kingdom	Exchange and co-operation in the areas of academics, Start ONLINE Value added programmes and research	2015 – 2020

		- CSM, CON, Dr APJ A K COPT	
8.	Linnaeus Palme Scholarship Programme with Karolinska Institute, Sweden – Medicine Faculty	To undertake regular Staff Student / staff Exchange programme with Medicine Faculty of Karolinska Institute – Rural Medical College	2016 – 2019
9.	Lund University, Sweden	Exchange Programme Medical Student – Rural Medical College	2014 – 2019
10.	Erasmus + with Department of Neurobiology, Care Sciences and Society, Karolinska Institute, Sweden	Exchange of Students for undertaking Research	2017 - 2018
11.	Research Collaboration with Department of Neurobiology, Care Sciences and Society, Karolinska Institute, Sweden	Undertake Joint Collaborative Research Activities – Dr A P J College of Physiotherapy	2017 - 2019
12.	Jiv Daya Foundation, Dallas, Texas, USA	Collaboration Project to improved maternal and perinatal outcomes through use of the electronic partograph – Rural Medical College	2015-2018
13.	ERASMUS + Programme, funded by European Union. Lund University and Pravara Institute of Medical Sciences – DU as Partner Universities	International Credit Mobility (ICM) – Mobility for learners and staff – Higher education student and staff mobility - Rural Medical College	Academic year 2015/16 – 2016/17
14.	Erasmus Mundus Action Plan 2 India to Europe (EMINTE), Strand 1, Lot 13 (India) **	To enhance International co-operation capacity of universities and promote academic student and staff mobility – ALL Colleges of PIMS - DU	2013 - 2017
15.	EUPHARATES - ERASMUS MUNDUS, India to Europe Mobility ***	To enhance International co-operation capacity of universities and promote academic student and staff mobility - ALL Colleges of PIMS - DU	2013 - 2017
16.	University of Greifswald, Germany	To promote joint academic and research developmental activities through staff and student exchange programmes Presently in the process of renewal. Joint Collaborative Research Project on Psychological status of School Teachers submitted to German Research	2007 – 2009 2015 - 2016
17.	Department of Internal Medicine, Intitutionen Sodersjukhuset, Karolinska Institutet, Sweden	Foundation Student / staff Exchange and Research on Diabetes mellitus – Rural Medical College	2011 – 2015

18.	University of EI Bosque, Columbia	Student / Staff Exchange and Research - Rural Medical College & CSM	2010-2012
19.	Partner University in European Commission EM External Co- operation Window Lot 15 & 13, European unions, Brussels *	To enhance International co-operation capacity of universities and promote academic student and staff mobility - ALL Colleges of PIMS - DU	2009 - 2012
20.	University of Milano, Italy & International Association of Agricultural Medicine and Rural Health, Japan	Promoting International collaborating network aimed at developing sustainable rural health – CSM and CBT	2007 - 2012
21.	Oregon University System IE3 Global Internship Programme Portland State University, USA	Internship in Public Health for 10 –12 weeks duration - CSM	Since 2011
22.	School of Public Health, Queensland University of Technology, Australia	To develop prototypes of Health promoting schools in India - CSM	March 2005 – Feb 2010
23.	International Association of Agricultural Medicine and Rural Health & International Commission for Occupational Health, Japan	To collaborate in the areas of occupational and rural health	2009 - Still Continuing
24.	University of Pecs, Hungary	Student and faculty exchange – Rural Medical College	2004 - 2008
25.	Linkoping University & County Council of Ostergotland, Sweden	To promote academic and health care co-operation – Rural Medical Colleges	1999 to 2008
26.	Tufts University, Boston, Dental Council of India and RDC	Student Exchange and Research	Since 2007
27.	International Association of Agricultural Medicine and Rural Health (IAAMRH) and world Health Organisation (WHO), International Labour Organisation (ILO), Food and Agricultural Organisation (FAO), United Nations International Children's Emergency Fund (UNICEF), United Nations Fund for Population Activities (UNFPA)	Rural Health & Agricultural Medicine	2006 - Still continuing
28.	University of Skovde, Sweden	To improve training, research and health care activities at PIMS – DU – College of Nursing	March 2005 – Still Continuing
29.	Association of Agricultural Medicine and Rural Health in India and FAKOOZ Hungary (National Society of Family Physician) & Hungarian Club Doctors, Hungary	Rural Health and Research	2000 – Still continuing

30.	Network – TUFH Project, Netherlands	Student exchange and training	Associate member
31.	International Association of Agricultural Medicine and Rural Health, Japan	Rural and Occupational Health	Since 1985

* Partner Universities in European Commission EM External Co-operation Window Lot 15 & 13

European partners: Lund University, Sweden (lead/coordinating University), Albert-Ludwigs-University of Freiburg, Germany, Freie Universitat Berlin, Germany, International Institute for Geo- Information Science and Earth Observation, Netherlands, Karolinska Institute, Sweden, Norwegian University of Science & Technology, Norway, Politecnico di Milano, Italy, University of Amsterdam, Netherlands, University of Deusto, Spain, University of Leuven, Belgium, University Pierre and Marie Curie, France and Vilnius University, Lithuania.

Indian Partners: University of Delhi, Jadavpur University, University of Pune, University of Kerala, Indian Institute of Technology (IIT) Kanpur, Tata Institute of Social Science, Mumbai. Anand Agricultural University, Gujarat and **Pravara Institute of Medical Science – Deemed to be University, Loni.**

** Erasmus Mundus Action Plan 2 India to Europe (EMINTE), Strand 1, Lot 13 (India)

European partners: Freie Universitat Berlin, Germany, Lund University, Sweden, University of Amsterdam, Netherlands, University College Dublin, Ireland, University of Deusto, Spain, University of Leuven, Belgium, University of Ljubjana, Slovenia, University of Trieste, Italy, University of Warsaw, Poland, Uppsala University, Sweden.

Indian Partners: Ganghigram Rural Institute, Indian Institute of Technology Kanpur, Indian Institute of Technology Bombay, Jadavpur University, Jawaharlal Nehru University, North Orrisa University, Tata Institute of Social Science, University of Kerala, University of Pune and **Pravara Institute of Medical Science – Deemed to be University, Loni.**

*** EUPHARATES - ERASMUS MUNDUS, India to Europe Mobility

European partners:

Universidade de Santiago de Compostela, Technological Educational Institute of Patras, Vilnius University, Universidade do Porto, University of Maribor, University of Perpignan, University College Dublin, Freie Universitat Berlin, Germany, Warsaw University of Life Sciences.

Indian Partners:

Dr. Babasaheb Ambedkar Marathwada University (Co-coordinator), National Institute of Technology, Warangal, Kalinga Institute of Industrial Technology University (KIIT), Indian Institute of Technology Guwahati (IITG), University of Baroda, Central University of Orissa, Savitribai Phule Pune University, Swami Ramanad Teerth Marathwada University, IIT Bombay, Pravara Institute of Medical Science, Deemed to be University, Loni.

$International\ Faculty/students\ visiting\ Pravara\ Institute\ of\ Medical\ Sciences-DU\ 2017$

Sr. No	Name of Faculty/student	Purpose of visit	Period
1.	Dr Dattatreyudu Nori, MD, FACR Director, Cancer Center & Professor and Chairman, Radiation Oncology Department Queens Weill Cornell Medical School, New York, USA Professor Emeritus, Dept of Radiation Oncology, PIMS – DU	Guest Lecture by on Advances in Oncology	13 th Aug – 14 th Aug 2017
2.	Dr. Nitin Chouthai Associate Professor of Pediatrics, Wayne State University SOM, Detroit, USA and Adjunct Faculty at PIMS	To conduct Workshop on Neonatology and discuss collaborations with Wayne State University, USA.	27 th Sept 2017
3.	Ms. Alexandra Granqvuist, Student at Karolinska Institutet, Sweden	Linnaeus Palme Exchange Student at College of Physiotharpy	2 nd Oct – 22 nd Dec 2017
4.	Ms. Hanna Jakobsson, Student at Karolinska Institutet, Sweden	Linnaeus Palme Exchange Student at College of Physiotharpy	2 nd Oct – 24 th Nov 2017
5.	Ms. Margrete Tutzauer, Student at Karolinska Institutet, Sweden,	Linnaeus Palme Exchange Student at College of Physiotharpy	2 nd Oct – 22 nd Dec 2017
6.	Dr. Kristina Kindblom Karolinska Institute Sweden	Visiting Professor at Dr. APJ Abdul Kalam, College of Physiotherapy	15 th Oct – 12 th Dec 2017
7.	Dr. Elizhabeth Rydwik Karolinska Institute Sweden	Visiting Professor at Dr. APJ Abdul Kalam, College of Physiotherapy	27 th Oct – 16 th Nov 2017
8.	Ms. Frohm Anna (Kristina Friend)	Visit At Dr. APJ Abdul Kalam, College of Physiotheray	28 th Oct – 1 st Nov 2017
9.	Mr. Viktor Jakobsson (Hanna Jakobsson Brother)	Visiting relative (sister)	27 th Oct – 30 th Oct 2017
10.	Dr. Inka Lofvenmark, Spine Rehab Expert, Spinalis Foundation, Sweden	Invited to establish the Spine Rehabilitation Center under the aegis of PMT and PIMS DU	20 th Nov – 16 th Dec, 2017
11.	Dr Anand Nene, Orthopedic Surgeon and Spine Rehabilitation Expert, Netherlands	Invited to establish the Spine Rehabilitation Center under the aegis of PMT and PIMS DU	30 th Nov – 9 th Dec, 2017

Medical Education Unit of

Rural Medical College, Loni

Co-ordinator:

Dr. D.B. Phalke, FAIMER Fellow, ACME, Prof. & Head, Community Medicine

Preamble

Improvement in quality of medical education by sensitizing teachers and students in medical education technology for developing skills required for a good teacher, clinician, researcher and mentor

Aims & Objectives

- 1. Plan & Organize basic course MET workshop for faculty in coordination with IMETTT, MCI regional center, Pune.
- 2. Inculcating Values in health care among faculty using spiritual approach.
- 3. To provide learning resources for students interns, residents and faculty.
- 4. Organize Induction & Orientation programs for Students, (at entry & beginning of IInd & IIIrd MBBS), Interns, Postgraduates.
- 5. Organizing programs on communication skills & research methodology for residents.

Educational Material

There are 2 Journals, 26 books, 68 educational CDs & 76 operational CDs related to Medical Education. Learning resources comprising of PPTs, e-books, question papers for UG and PG, e-resources in library are put on TCS software of institute which student/faculty can access anytime using username and password.

Activities

- i) Faculty Development Programs-Basic Course In Medical Education Technology.
- ii) Inculcating Values in health care among faculty using spiritual approach.
- iii) Residents/PG Development Programs (PG Induction Training Orientation Program and Research Methodology Workshops).
- iv) Interns Training And Orientation Program.
- v) MBBS Students Induction And Orientation Programs at the Beginning of First, Second and Third Phase.
- vi) Integrated seminars for students.

A) Glimpses of Activities –

1. PG Induction and Orientation Programme 07 to 09 September 2017 & 30 to 31 July 2018

2. Internship Orientation Programme - 29. 07.2017 to 01.08.2017 , 27.01.2018 to 31.01.2018 & 07.08.2018 to 11.08.2018

3. Quiz and Debate on UNIVERSAL HEATH COVERAGE, for undergraduate students on World Health Day 7^{th} April 2018.

4. English Marathi Communication Guide complied by Dr. D.B. Phalke, published on 15.08.2017

5. Workshop on Values in Healthcare-A spiritual approach for faculty was organized from 8th -10th December 2017. Dr. Sachin Parab, Dr. Matnani and BK Datta Rokade were resource persons.

Innovations

- i. Learning management software where faculty can upload ppts/videos/e- books / circulars/ syllabus/ papers/quiz which students can access anytime through username and password from anywhere in campus.
- ii. Community oriented medical education including family study.
- iii. Learning management system.

Best Practices

- a. Faculty Development Programs-Basic Course in Medical Education Technology, newer evaluation methods, curriculum development, values in health care using spiritual approach
- b. Residents/PG Development Programs (PG Induction Training Orientation Program and Research Methodology Workshops).
- c. Interns Training and Orientation Program and placement programme.
- d. MBBS Students Induction and Orientation Programs at Beginning of First, Second and Third Phase.
- e. Integrated seminars for students.
- f. Involvement of students in Public Health Days.
- g. Problem based learning.
- h. Quiz for students.
- i. Faculties undergoing FAIMER, ACME FELLOWSHIPS.
- j. Students and faculties presenting papers at state / national/international conferences.

Future Plans

- Purchasing more books of International/National authors
- Regional training center covering faculty of other colleges in the area
- Development of Department of Health Professional Education under PIMS DU.

E-Learning Unit

Dr. Sandeeep Pakhale Professor, Dept. of Anatomy

Preamble:

Traditionally the teaching process had been class room based and involves didactic lectures and demonstrations in the class rooms and in the laboratory. This had a drawback of strict time schedules for the classes and at times became monotonous. Although revisions are organized, they are not at the convenience of the learners. Further, the resources available were based on what was available on site and text books in the library.

With the advent of information technology in teaching and learning process, the access to resources available has improved vastly and the teachers as well as the students can access resources in digital form from across the globe. Further, with the banning of live animal experiments in the class rooms, the necessity to use computer animated experiments and videos of the procedures in teaching in the health sciences colleges has become mandatory.

Aims and Objectives

The aim of creating E-learning access to users is to make the resources available in digital format which can be accessed anytime from anywhere. This gives the individual access to the resources in their time of choosing which will result in better uptake and acceptance. The resources whether they are online or offline should be available to the user round the clock which will boost the usage and benefit the individuals.

To provide resources in the form of E-books, E-journals, DVDs and also online access to various journals and other resources from various agencies to provide plethora of material to the users.

To provide a platform with rich resources for the benefit of teachers and the learners with provision of robust Learning Management System to monitor and deliver the best quality of education.

To provide the required infrastructure for implementation of the same so as to make the campus to be in tune with present time.

To improve and integrate all teaching modalities with e resources in the class room and the laboratories.

Faculty:

The faculty of the university have been actively involved in upgrading their competence in handling e resources. Most of the faculty have been trained through workshops on ICT enabled teaching and learning methods by IQAC in collaboration with Medical Education Unit.

The IT department of the University is instrumental in providing and maintaining the resources.

Structure:

The resources available in the University include the physical digital collection of DVDs of various medical literatures, DVDs from various CMEs and conferences and workshops which are available in the digital section of the University Library. Each department has its own resources of lectures and power point presentations of the syllabus and DVDs which demonstrate the various procedures. In addition the University has collaboration

with various e resources and libraries and has subscribed to the following resources which are accessible through the University Digital/ Internet section in the library.

-Inflibnet- 37 titles - www.inflibnet.ac.in MUHS Digital Library- 13000 resources - www.muhs.as.in

Physiotherapy journals - www.gfmer.ch/medicaljournals

DOAR - http://doar.org

All these resources are accessible through the University website through the link to the library page. E-books and journals can be accessed and downloaded if needed.

E learning modules of "Clinical Learning" and "Animal Simulator" provided by ELSEVIER had been added to the resources. These packages contain nearly 450 modules on basic sciences and clinical aspects as well as computer animated animal experiments. These were available on online as well as offline mode. The online mode can be accessed through the university IP address in the campus including the library and the hostels which are Wi-Fi enabled.

The lecture halls are enabled for e teaching with AV facility and access to internet. The operation theaters also can be connected to these lecture halls for live projections.

Functions:

E learning cell works under a designated authority that, along with the faculty and MET cell try and add more facilities to the repository of resources.

Constant interaction with the IT department for upgradation of the hardware to suit the requirements.

Monitoring and implementation of the system through LMS.

Analysis of usage and remedial actions.

Work carried out:

The e resources through the libraries and the publishers are monitored for usage and have been made user friendly by making them all accessible through the University IP address.

The Clinical Learning package acquired from M/S Elsevier, had been made available for our users in open access also for a short period, apart from the IP based access. This is to enable more number of people access the modules.

All new first year admitted students of University were introduced to e-learning methods during their induction and orientation programs in respective institutions. The interactive sessions were a great success.

Promotion of Usage:

Usage of the resources is analysed monthly, to understand the usage pattern and required corrective action is taken to facilitate optimum usage. Data is also analysed department wise to get better insight. Usage of other digital material in the library is also analysed and action is taken as required.

Achievements:

With constant encouragement and awareness campaigns along with focused workshop, the usage of E-learning resources has gone up. Availability of Wi-Fi in the campus is an additional support in this endeavor by the addition of E-enabled class rooms the reach has been extended.

Salient Features:

With the addition of online and offline availability of resources, the students are able to access the contents at their own time and place. Each user has been given a separate user id and password and hence individual student's usage profile and progress can be assessed.

In the clinical learning package, the teacher can allot separate individual assignments to the students and monitor progress. There is provision for interaction as well.

The Animal experiments package eliminates the need for live animal usage in the laboratory.

Innovations:

Usage of the available resources in the typical class room and outside has made learning seamless and at the time the student chooses. Process of assessing the students based on the modules help in motivating the students to focus on the subject.

Programming periodical quiz and competitions and awards for performance in them has enhanced the uptake.

Best practices:

Introduction of e resources and incorporating them in the teaching learning process thus enhancing the quality of teaching.

Periodic evaluation involving other institutions also gives a comparative standing of our students.

Based on the feedback and results, the approach to teaching and learning is modified. Use of Whatsapp group by faculty to share e-learning resources for students have enhanced the learning gain.

Future Plans:

With an aim to continue with our efforts to improve the quality of the learning resources available with the University, the following steps are being taken for implementation.

- a) Students will be participating in the inter collegiate competition, "Clinical Learning Challenge" for the students in clinical terms. These incentives will boost the usage and benefit the students.
- b) At present all the departments have learning resource materials in the form of Power Point presentations for lectures by various authors. Our aim is to standardize them and validate the same. Once this is completed in the current academic year, we may provide stand alone kiosks in the library for use of the students at their leisure. Later, they may be made available through the university website as well, which can be accessed from anywhere.
- c) Taking it a step further, we plan to have live feed/ web cast of all our Continuing Medical Education Programs.
- d) Provision of online interactive smart board/dash board for classrooms is being thought of.

Bioethics Unit

Patron: Dr. Rajendra Vikhe Patil, Pro chancellor, PIMS-DU, Loni Bk.

Head of Chair: Dr. Y. M. Jayaraj, Vice Chancellor, PIMS-DU, Loni Bk.

Co-ordinator: Dr. M. C. Tayade, Asso. Professor, in Physiology, RMC, PIMS-DU

THE UNESCO CHAIR IN BIOETHICS (HAIFA) The International Network

Name of Unit	PIMS Bioethics units (Indian Programme of UNESCO Chair)		
Country	India		
Date of Establishment	10 th August, 2015		
Name of Host Institute	Pravara Institute of Medical Sciences (DU)		
	Pravara Institute of Medical Sciences (DU)		
Address	P.O. Loni (Bk), PIN: 413 736, Tal: Rahata		
	Dist : Ahmednagar, Maharashtra, India		
Phone	+91-2422-271233		
Fax	+91-2422-273413		
Website	www.pravara.com		

Preamble:

The undergraduate medical education program is currently modulated and designed with a goal to create an medical graduate possessing requisite knowledge, skills, attitudes, values and responsiveness, so that he may function appropriately and effectively as a doctor of first contact of the community while being globally relevant. There are many new key areas recommended in the ATCOM module that were identified for implementation across the entire duration of the course.

In extent of order the medical graduate is not just physician but he is also leader of society, communicator as well as counselor, lifelong learner and professional who is committed for the best, ethical, responsive and accountable to society. Physician is not only a person concerned with curative approach but also accountable for preventive, holistic, promotive and palliative care of the community.

Bioethics is now at the center stage of medical education. Horizontally and vertically integrated bioethics curriculum have been designed by the foundation of the UNESCO with Bioethics as a core curriculum. The similar guidelines are adopted by Medical Council of India and reflected in their ATCOM Module as well as MCI vision2015 documents. Pravara Institute of Medical Sciences (DU) has decided to implement this concept in all its units. Therefore the Bioethics Unit has been established in the University during the academic year 2015 -16. This bioethics unit is associated with the Indian program of the UNESCO chair and of the International Bioethics Network of the UNESCO chair in Bioethics.

Aim & objectives:

Aim:

Inclusion of the principles of bioethics in Undergraduate and Postgraduate medical education.

Objectives:

- 1. To monitor Bioethics teaching-Syllabus preparation, updates and modifications, regular teaching schedule
- 2. To coordinate students and teachers over issues of bioethics.
- 3. To conduct student's activities like quiz, workshops, seminars, street play formation etc. over issues of bioethics.
- 4. To promote research projects over issues of medical bioethics.
- 5. Participation in National/International conferences over the issue of medical bioethics
- 6. To increase awareness among society about bioethics.

Establishment:

Bioethics unit of the UNESCO Chair in bioethics Haifa has been established on 10th August 2015 at PIMS(DU), Loni . **Dr. Russell D'Souza** , Head Asia Pacific program was the chief guest for this function.

Steering Committee:

Sr. No.	Name of the Faculty	Designation	Post
1	Dr. Rajendra Vikhe Patil	Pro Chancellor, PIMS (DU)	Patron
2	Dr. Y. M. Jayaraj	Vice-Chancellor, PIMS (DU)	Head
3	Dr. S. N. Mahajan	Dean, RMC	Chairperson
4	Dr. Motilal Tayade	Associate Professor, Physiology	Secretary
5	Dr. Russell D'Souza	Head Asia Pacific program	Member
6	Dr. Mary Mathew	National chair training	Member
7	Dr. V. B. Bangal	Professor, Obst & Gynec	Member
8	Dr. Deepak Phalke	Head & Professor, Community Medicine	Member
9	Dr. Viddyasagar	Dean , Rural Dental College	Member
10	Dr. Sivabalan	Principal, College of Nursing	Member
11	Dr. Sachin Deorukhkar	Assistant Professor, Microbiology	Member
12	Dr. Deepali Hande	Associate Professor , College of Physiotheraphy	Member
13	Dr. Anup Kharde	Assistant Professor, PSM	Member
14	Adv. Ramana Murthy	Legal department, PIMS (DU)	Member
15	Dr. Rajeev Desai	Associate Professor, Anatomy	Member
16	Dr. J. M. Farooqui	Associate Professor, Forensic Medicine	Member
17	Dr. Sandhya Gunal	Associate Professor, Anatomy	Member

Programmes / Courses offered:

Bioethics teaching in UG & PG curriculum of Medical, Dental, Physiotherapy, Nursing & other constituent units of the University.

Bioethics Syllabus:

The committee has been constituted to include the syllabus at appropriate places, in all the constituent units of PIMS (DU)

Syllabus Highlights:

The syllabus is prepared on the basis of guidelines declared by UNESCO & proposed guidelines of AETCOM (MCI).

First year : Basic principles of Bioethics (Foundation course), Attitude and communication skills

Second Year: Research ethics, Public health ethics

Final year: Clinical ethics, attitude and Communication skills

PIMS Hospital Bioethics Unit of the UNESCO chair in Bioethics (Haifa)

Sr. No.	Name of the Faculty	Designation	Post
1	Dr. S.N. Mahajan	Dean, Faculty of Medicine	Chairperson
2	Dr. N.S. Pawar	Medical Superintendent	Secretary
3	Dr. V.B. Bangal	Prof. Obstetrics & Gynaecology	Member
4	Dr. D.H. Nandal	Prof. Pharmacology	Member
5	Dr. Gokul Jorvekar	Prof. Surgery	Member
6	Dr. J.M. Farooqui	Associate Prof. Forensic Medicine	Member
7	Adv. Ramana Murthy	Legal department, PIMS (DU)	Member

PIMS Bioethics Unit of the UNESCO chair in Bioethics (Haifa):

Hospital Bioethics committee:

Objectives:

- 1. It will actively coordinate medical students and clinicians over issues of bioethics in clinical practice.
- 2. Active implementation of Bioethics in clinical practice.
- 3. Research projects over issues of medical bioethics.
- 4. Creating awareness among patients.
- 5. Education of paramedical staff regarding ethical principles involved in various hospital procedures.

PIMS Bioethics Unit of the UNESCO chair in Bioethics (Haifa) Student's wing:

Sr. No.	Name of Student	M.B.B.S Year	Post
1	Mr. Faraz Khan	Fourth	Chairperson
2	Ms. Priya Bharti	Third	Secretary
3	Mr. Darshan Savla	Second	Member
4	Ms. Jaini Shah	Second	Member
5	Mr. Sanket Kharde	First	Member
6	Ms. Pooja Bhole	First	Member

Student wing for Bioethics is established under the supervision of the Bioethics unit.

The student wing coordinates and works actively with the Bioethics unit.

It is established with an aim to actively seed ethics and ethical practices among students in routine.

Structure of student's wing:

Chairman -1, Deputy -1

Secretary -1

Members-4

[Minimum one/two member/members from first, second, third and final year students]

Objectives:

- Student's wing will actively coordinate students and teachers over issues of bioethics.
- Active participation in student's activities like quiz, workshops, seminars, street plays formation etc.over issues of bioethics.
- Active participation in student's debate, case scenario discussion etc over issues of medical bioethics.
- Research projects over issues of medical bioethics.
- Participation in National/International conferences over the issue of medical bioethics
- Regular meet and exchange of knowledge.

Student's participation:

- 1. Student's group run **Wall magazine Medical Bioethics**
- 2. Celebration of World Bioethics Day (16th October 2017) Conducted activities Guest Lecture & Debates.
- 3. Production of short film ONE WRONG MOVE Submitted to UGC National Short Film Competition: 2017 2018

Articles published: (1)

1. Dr MC Tayade , Dr SN Patil , Public Health Ethics :Review , Indian J of Basic & Applied Medical Research , December 2017.

Thrust area of Research:

- 1. Analysis of achievement of knowledge of Bioethics in Medical students.
- 2. Strength and weakness of Bioethics teaching in Medical students.
- 3. Analysis of achievement of knowledge of Bioethics in clinical practioners.
- 4. Review and updates Bioethics.
- 5. Challenges of implementation of Bioethics practices in Indian scenario.

Undergoing research projects: 02

- 1. Assessment of impact of bioethics teaching in first year medical students Dr. M C Tayade
- 2. Bioethics among Postgraduate students & Staff of Physiotherapy Colleges in Ahmednagar District , Dr. Shrikant Sant, Dr. Mrs. V D Falake (PhD thesis work).

Unique / Salient Features:

- 1. The first Bioethics unit in India established in rural area.
- 2. The bioethics unit implemented syllabus in Regular UG teaching from the beginning.
- 3. The bioethics unit coordinates with active student's wing
- 4. Regular implementation of Bioethics principles in bedside teaching for UG students
- 5. Faculty resources for Bioethics teaching
- 6. The unit to carry out extension activities in school going children.

Best Practices:

- 1. Encouraging to Faculty and Postgraduate students to follow the principles of Bioethics during routine clinical practice.
- 2. Inclusion of Bioethics topics in Orientation programme UG / PG
- 3. Identification of issues related to Bioethics from hospital for academic discussion.
- 4. Discussion on the case studies related to Bioethical issues with undergraduate and postgraduate students.
- 5. Selection and discussion of medical law and Bioethics related clinical cases published in journals and books.
- 6. Conducting clinical case discussions involving Bioethical issues.
- 7. Encouragement faculty members to consult hospital Bioethics committee whenever ethical dilemma arises in management of cases.
- 8. To conduct debates on topics related to Bioethics .
- 9. To create public awareness about Bioethics through posters, banners displayed at registration counter.

SWOC Analysis:

Strength: The first Bioethics unit established in rural area of India.

Weakness: Newly introduced topic in curriculum – experience

Opportunity: Increase awareness about ethical issues in daily practices among students, patients and private practioners

Challenges: To sharpen the line of demarcation during various procedures for ethical and unethical issues.

Future Plan:

- 1. To organize an International/National conference/training workshop/ 3T UNESCO Workshop on Bioethics.
- 2. Develop as a training centre for faculties
- 3. Planning of Certificate Course in Medical Bioethics for faculties.

Board of Sports & Cultural Activities

Dr. Sunil Bular, Assistant Director

The University sports calendar of PIMS has been planned according to the AIU sports calendar. The selection trials of Aquatic (Men / Women) was organized on 16th September, 2017 at the swimming pool of Sainik School, Loni and four swimmers were selected on the time trial basis to take part in the All India Inter-University Aquatic Championship organized by the Punjab University Chandigarh during 24th October to 30th October 2017.

The selection trials for Badminton (Men / Women) was organized on 18th November, 2017 and a mens team was selected to take part in the West Zone Inter-University Badminton Tournament organized by North Maharashtra University Jalgaon from 19th to 23rd December 2017.

The selection trials for Basketball (Women) was organized on 23rd September, 2017 and a team was selected to take part in the West Zone Inter University Basketball tournament organized by ITM University, Gwalior from 24th October to 27th October 2017.

The selection trials of Football (Men) was organized on 11th November, 2017 and a team was selected to take part in the West Zone Inter University Football tournament organized by Jagran Lake city University, Bhopal from 21st December to 27th December 2017.

The selection trials of Volleyball (Men) were organized on 9th December, 2017 and a team was selected to take part in the West Zone Inter University volleyball tournament organized by Rani Durgawati University, Jabalpur from 11th January to 15th January, 2018.

Sports Cell of Pravara Institute of Medical Sciences, Loni had organized a Yoga & Pranayama camp on the Occasion of International Yoga Day on 21st June, 2017. The following activities were conducted.

- 1. Common Yoga Protocol on 21st June, 2017 at 7a.m. to 8 a.m. in Yoga hall of New R.M.O. Hostel.
- 2. Expert Guest lecture on "Happiness and Health through Yoga" at 2.30 p.m. in Saraswati Hall at Padmabhusha Dr Balasaheb Vikhe Patil Lecture Hall complex by Chirag Patil (Director, Youth Council, Art of Living)

3. One month yoga camp was organised for the students and staff from 21st June 2017 from 6 a.m. to 7a.m. at New R.M.O. hostel Yoga Hall.

Sports Cell of PIMS (DU) also successfully organizes **Yoga camps** for the students, faculties and non teaching staff round the year for the development of fitness culture and health awareness.

PIMS Sports Department organized a Staff sports meet for Teaching and Non Teaching staff of PMT/PIMS during 22nd to 23rd December 2017. **Hon'ble Dr. Rajendra E. Vikhe Patil, Pro Chancellor PIMS DU** inaugurated the sports meet and distributed T Shirts to all the participants. **438 participants participated** in the sports meet. Following games were organized in this sports meet.

Sr. No.	Game/Sports	Men/ Women	No. Of Teams
1	Cricket (Tennis ball)	Men	24
2	Volleyball	Men	10
3	Throw ball	Women	04
4	Badminton Single	Men	32
5	Badminton Single	Women	34
6	Badminton Doubles	Men	08

Prize distribution of the sports meet was organized on 26th January 2018 at the Republic Day celebration function. Prizes were given by the hands of Honb'le Dr Rajendra Vikhe Patil (Pro Chancellor, PIMS DU) & Honb'le Vice Chancellor Dr. Y.M. Jayraj.

Participation in West Zone Inter University Tournament

2017-18

From the various Intercollegiate Tournaments the team of PIMS University was selected to participate in West Zone Inter University Tournaments at different places. The information is as Follows:

Sr. No.	Event	Venue of the Tournament	Date	Position
1	Basketball	ITM University, Gwalior	24 th October to 27 th	Participated
	(Women)		October 2017	
2	Aquatic	Punjab University, Chandigarh	26 th October to 30 th	Participated
	(Men)		October 2017	
3	Badminton	North Maharashtra University,	19 th December to	Participated
	(Men)	Jalgaon	23 rd December 2017	
4	Football	Jagran Lake City University,	21 st December to	Participated
	(Men)	Bhopal (M.P.)	27 th December 2017	
5	Volleyball	Rani Durgawati University,	11 th January to 15 th	Participated
	(Men)	Jabalpur	January, 2018	

West Zone Inter University Basketball (Women) Venue: ITM University, Gwalior PIMS DU Basketball (Women) Team 24th October to 27th October 2017

Sr. No.	Name of Player	College	Class
1	Maria Thaliath	Rural Dental College, Loni	IV
2	Aditi Patel	Rural Dental College, Loni	IV

Year of Establishment: 1984

Dr. S. N. Mahajan Dean, RMC

Introduction

The Rural Medical College since its inception in 1984 a first of its kind in India, is dedicated to serving society as a center of excellence with emphasis on socially meaningful medical education, research and health care. It was a culmination of determined efforts of Late. Dr. Balasaheb Vikhe Patil (Padmbhushan Awardee). The idea was to provide an opportunity to the rural meritorious students to become quality, appropriate and need based health providers in their own environment. Added advantage was improved accessibility of tertiary and critical care to the rural & population poor.

The college offers undergraduate course in medicine (M.B.B.S) and postgraduate degree (M.D/M.S) and diploma programmes in 26 medical disciplines. The sanctioned annual intake to the M.B.B.S programme is **200**. The courses offered is a perfect blend of community oriented, problem based learning with high quality clinical reasoning.

The college was permanently affiliated to Maharashtra University of Health Sciences, Nashik as well as University of Pune till it became a constituent unit of this University in 2003. At present it is affiliated to NAAC re-accredited 'A'grade, Pravara Institute of Medical Sciences, Deemed to be University, Loni (Maharashtra). The College as well as the undergraduate and postgraduate course offered is recognized by Medical Council of India. They are also recognized by General Medical Council, U.K and listed by World Health Organization, Geneva. The College has promoted international collaborations in all the thrust areas - medical care, education and research. Some of the

International Collaborations include Erasmus Mundus scholarship programme (EMINT & EUPHRATES) implemented through the European Union, Lund University& Karolinska Institute, Sweden.

Pioneer in Problem Based Learning (PBL)

The College is a pioneer in the country to introduce Problem-Based Learning (PBL) in undergraduate medical programme. The PBL curriculum is being developed and implemented under the guidance and collaboration of Faculty of Health Sciences, Linkoping University, Sweden. College Faculty has undergone training in PBL at Linkoping. Educational experts from Linkoping regularly visit the institute to conduct workshops/training programmes for the Faculty.

The institute has been in the process of blending the ongoing teaching methods such as Community Oriented Medical Education (COME), COHE, SHAPE, integrated teaching, micro teaching, and project based learning into the PBL. The institute is planning to extend

the PBL to other health sciences programs like Dentistry, Physiotherapy, Nursing and Para-Medical.

· Focus on Community Oriented Medical Education

To understand the peculiar nature of the problems encountered while delivering health care services to the rural masses, it is very important to look beyond the medical sciences and employ an integrated approach. Undergraduate & Postgraduate students are posted in PHC's RHTC, UHTC, Mobile Clinics & Multi diagnostics camps

Community & Academic Partnership (CAP) Programmes

They are aimed at fostering health and promoting partnership between communities and faculty associated by students to build each other's strength, confidence as well as capabilities. The programme include allotting five families from adopted villages to each student to study during the entire course, celebrating all the public health and socially important occasions like World Health Day, World Women's Day etc, in the villages and involving the community and students in all epidemiological and other health projects/surveys.

Learning through attending "Out-reach" programmes

A group of students from each faculty are attached to regular "out-reach" programmes in far-flung areas, organized in partnership with local community and public health staff, to learn socio-clinical aspects of the patients. Students are also involved in health education and social communication activities during the camps.

· Project based studies & surveys

Need based selection of the topics is done by students such as HIV/AIDS, health problems of migratory workers etc. Students and community are also involved in epidemiological surveys like investigation of the Hepatitis epidemic, Gastro-enteritis epidemic and various projects involving the Public Health Staff.

· Learning at Peripheral Health Centres

Students assigned to each faculty are taken to peripheral health centres including PHCs and other Primary Care Clinics to impart training and skills while examining the patients. Students posted to the Department of Community Medicine learn aspects related to environmental, social, cultural, economical factors influencing the health of the community.

Medical Education Unit:

As per Medical Council of India directives, Rural Medical College has a Medical Education Unit for Faculty Development programmes. Faculty members who have undergone FAIMER FELLOWSHIP's FIME Advanced course are appointed as members of Medical Education Unit. MEU has trained 220 teachers so far in Medical Education Technology.

Central Library:

Spacious Reading rooms with sitting capacity of 450 students, well lighted and ventilated with centralised Air Conditioned.

- · It is equipped with 'OPAC' (Online Public Access Catalogue) facility.
- · Sections in the library: Stack Section, Xerox Section, Periodical cum reference Section, Internet Section, Reading Hall (UG, PG and Staff), Language lab & Audiovisual Hall.

Education, Communication and Media Center (ECMC):

The Institute has promoted a well-equipped ECMC to facilitate conducting advanced presentation methods with the support of educational, media and information technology. The Center is equipped with advanced computer systems with Internet and Multi-media projection systems like LCD Projectors, VCD Players, Digital Cameras and necessary software for preparation of Computer slides, CDs Elsevier's e-learning portals etc.

Central Animal House:

The college has centralized modern Animal House established in strict accordance with the CPCSEA guidelines, first one of its kind in rural India and probably one of the few in the country.

The animal house is equipped with separate breeding rooms, sick rooms, operation theater. It is humidified with a capacity to hold at least 100 rodents & 100 mammalians.

Hostel accommodation:

Adequate number of standard hostels exist for undergraduate and postgraduate students with excellent amenities, multi gymnasium, indoor sports facilities and advanced communication facilities. All hostels are provided with uninterrupted power supply.

Co-curricular Activities

Moot Court Trials— Department of Forensic Medicine & Toxicology with the Medicos' 15 Batch students conducted second season of Moot Court 'Hard to hide homicide' on 21.09.2017 at Sindhu Hall.

Skill laboratory

Skill lab of PIMS PMT has got all basic infrastructure and mannequins for training the students.

It includes: BLS Mannequins, ACLS Mannequins with AED and feedback device, PALS Mannequins, IV Hands, Iv arm, SC, IM, Intradermal injection mannequins, Central Venous access mannequins, laryngeal anatomical module, basic nursing procedure mannequins, Ryles tube insertion, male female bladder catherirization, colostomy care, intramuscular injection mannequins, intraossious injection, delivery modules, suturing pads and modules, mouth care, nursing care mannequins. Skills and simulation lab is fully functional and is conducting regular training for Interns, UG and PG students of PIMS institute. All interns on day one of internship undergo training at skill lab for Basic life support and basic procedures. Similarly final year UG students undergo similar training at the entry of final year. A batch of 15 interns are regularly trained in the skill lab in BLS, ACLS and basic surgical procedures. Skills and simulation lab is used by all colleges of PIMS-DU for training purposes. Skills and simulation lab has been part of multiple Workshops, CME's and Conferences.

Extention activities

· UNNAT BHARAT ABHIYAN

Rural Medical College was enrolled in Unnat Bharat Abhiyan of Ministry of Human Resource Development, GoI as a Participating Institute in 2017-2018. The mission is to work with the people of selected villages in identifying development challenges and evolving appropriate solutions for accelerating sustainable growth. The aims of this program is to create a virtuous cycle between society and an inclusive academic system by providing knowledge and practices for emerging professions and to upgrade the capabilities of both the public and the private sectors in responding to the development needs of rural India.

For this purpose the college has selected following villages

- 1. Chandrapur, Tal-Rahata, Dist-Ahmednagar
- 2. Durgapur, Tal-Rahata, Dist-Ahmednagar
- 3. Pimpri Lokai, Tal-Rahata, Dist-Ahmednagar
- 4. Fatyabad, Tal-Shrirampur, Dist-Ahmednagar
- 5. Galnimb, Tal-Shrirampur, Dist-Ahmednagar

The villages and household survey of around 1800 families was completed and data was submitted online to the coordinating institute i.e. IIT Delhi. The process of identifying the challenges of the villages is in process and will be completed soon.

WHEEBOX Employability Skill Test for Interns

Rural Medical College has conducted online employability skill test during the month of August 2018 for around 18 interns. The test was approved by

Association of Indian Universities (AIU) and was conducted by Wheebox (Global Online Talent Assessment Company). Through this test an attempt was made to assess the behavioral competency of the students using different domains like Self-determination, Learning Ability, Interpersonal Skills, Emotional Intelligence, Adaptability, Conflict Resolution, Numerical and Logical Reasoning.

Cultural activities

Poster competitions, painting and rangoli competitions are held at various levels round the year in order to encourage independent creativity among students in art activities. Students take part in various intercollegiate competitions and regularly win laurels. Annual cultural

events of the medical college include Ganesh Festival and Annual Social Gathering - "Padmanjali".

International Collaborations

Rural Medical College is part of the collaborations developed by Pravara Institute of Medical Sciences, Deemed to be University. At present the university collaborates with a number of international universities and organizations. On an average, every year 15-20 faculty members and students from collaborating foreign universities visit our university under various exchange programmes and research activities. They are

encouraged to undertake elective training at our Hospital and Primary Health Care Centers.

Rural Medical College Extension:

A new 7 storied building covering an area of 17,958 sq mts, is built to house the Pre and Para clinical departments of the Rural Medical College. 6 Laboratories of 300 Sq mt each and 2 laboratories of 120 Sq mts.,4 Examination Halls with well equiped Skill Laboratory at the Seventh floor. This building also housed a new food court.

A new air conditioned Lecture hall complex

"SINDHU HALL" - 500 Seating Capacity

"SARASWATI HALL" - 240 Seating Capacity

"GODAVARI HALL" - 240 Seating Capacity

"GANGA" - (Auditorium Hall)

of 6247 sq. mts, housing 2 lecture halls to seat 240 students and 1 lecture hall to seat 500 students is built. This building also houses an examination hall cum Auditorium of 1600 Sq mts. Both these buildings and the existing college building are connected through a sky walk.

Pravara Rural hospital:

Expansion of Hospital infrastructure, to meet the requirements of statutory body for increase in admission capacity as well as increasing patient work load is completed. It is done by adding a new 7 storied hospital expansion complex worth providing 21,014 sq. mt. additional area and resulting into increase in total beds strength to 1275 beds. A state of art Central Sterile Stores department of 1945 sq.mts is commissioned to cater for the requirement of the Hospital.

Rural Dental College

Loni Bk., - 413 736, Tal: Rahata, Dist: Ahmednagar Phone: +91 2422 - 2711243, Fax: 02422-273413

E-mail: principal.rdc@pmtpims.org

Establishment: 1989

DR. VIDDYASAGAR MOPAGAR
Dean, Faculty of Dental &
Principal, RDC

Genesis

It gives me immense pleasure to pen the address at Rural Dental College, Loni. RDC has come a long way from its inception in the form of a few chaired Dental Clinic to a huge, multicentric and multispecialty Dental Institute. The institute believes in quality Dental education to the students to make them globally competitive and dedicated Dental health services delivered to rural and tribal areas which is appreciated worldwide. The Institute caters an array of dental treatment services to more than 1. 2 million population around Loni, making it one of the premier Dental education hubs in the beautiful state of Maharashtra.

Keeping healthcare as priority for poor and needy people, PMT established Rural Dental College in 1989 with an intake capacity of 60 admissions per year which was increased to 100 seats in the year 2007. The Dental College was initially affiliated to University of Pune and Maharashtra University of Health Sciences, Nashik till it became a constituent unit to this University. The departments of Dental College are Oral Pathology and Microbiology, Orthodontics, Pedodontics, Oral Medicine & Radiology, Community Dentistry, Prosthodontics, Periodontology, Conservative Dentistry, Oral and Maxillofacial Surgery. All these departments are adequately staffed and equipped as per the norms prescribed by DCI for conducting effective undergraduate & post graduate training. The College and courses offered are recognized by Dental Council of India (DCI). The College offers Post Graduate courses (M.D.S.) in the following disciplines: (i) Periodontology (ii) Oral Medicine & Radiology (iii)

Oral & Maxillofacial Surgery (iv) Oral Pathology and Microbiology (v) Prosthodontics and Crown & Bridge (vi) Paedodontics & Preventive Dentistry (vii) Orthodontics & Dentofacial Orthopedics (viii) Conservative Dentistry and Endodontics. Ph. D Programme in Dentistry is also being offered since 2012.

The college has a teaching hospital with all specialties of Dental Surgery which provides routine & specialized diagnostic procedures including Digital Orthopantomogram and Cephalogram and treatmens like Maxillofacial and Orthognathic Surgery, Advanced Conservative Treatment, Aesthetic Dentistry, Ceramics, Cast Metal Base Dentures and Maxillofacial Prosthesis. College also provides extension OPD services to nearby villages, which are also attended by the UG & PG students and interns under the supervision of senior staff.

Adequate Dental Laboratory facilities are provided for training of Undergraduates & Postgraduates and also for undertaking research. The students of this Dental College are benefited with both high technological dental education as well as simultaneous exposure to the rural population through community based training. Extensive preclinical and clinical training is imparted to the students at Rural Dental College& Hospital as well as at its well equipped peripheral centers in Shrirampur and Rahata.

Teaching-learning process:

Teaching – learning process is the heart of education on which depends the fulfillment of aims & objectives of education. With this in mind, the institute has all the infrastructural facilities and dedicated teaching faculty, which makes the learning student centric. Lecture methods such as interactive teaching, ICT enabled teaching, project based and evidence based learning etc

help the students to understand the subject thoroughly. All the departments have inbuilt mechanisms like mentor system, identification of slow and advanced learner, academic calendar and intensive clinical training to achieve desired outcome. The institute is well equipped with lecture halls, seminar rooms, central library, department clinics, ECMC, audiovisual aids and central animal resource center.

Special Equipments

(i) Casting Machine (ii) Perapical X-ray Unit (iii) Surgical Saw (W & H) (iv) RVG System (v) Digital OPG Unit including Cephalogram (vi) Digital Centrifuge Machine (vii) Intra Oral Camera (viii) Florida Probe (ix) Fiberoptic Light Source (x) PerioTest (xi) Bio Star (xii) Surgical Handpiece (Osciomat) (xiii) Hydro Shoulder (xiv) Implant Kit Physio dispenser (xv) Automatic Radiographic film processor (xvi) All Ceramic Furnace (xvii)Extra Oral X-ray Machine

Research

The objective of the dental research is to stimulate interest, debate, discussion and interaction among dentists and specialists of all disciplines within the field of dentistry. The research in dentistry will give the information on clinical developments, clinical opinions and treatments as well as other key issues of relevance.

Oral Health Education:

Total 12,572 School Students has been benefited with Oral Health Information by delivering Oral Health Education with the help of models and flow charts by dentists (Interns and Fourth BDS Students) visiting school and making the studetns aware about brushing technique and how to keep oral cavity, teeth in good health by brushing regularly with tooth paste & brush. Distributing the Oral Health Pack to each student who have attended the programme (Bright Smile Bright Future) given by Colgate-Palmolive. Total 61 Schools & 61 Villages/towns in and around Loni have been covered with the help of Public Health Dentistry team. The Programme has been successfully completed before time and the college has received funds for the same programme 2nd time in a row.

Extension Activities:

Rural Dental College has extension OPD's at Shrirampur, Rahata, Babhaleshwar, and Kolhar which

provides the dental treatment needs of urban and rural population. The Dental College regularly conducts dental health check up camps in schools and surrounding villages. The College also has a well equipped Mobile Dental Van which covers fifty villages every month.

Cultural, Sports and extracurricular activities:

The college provides its students numerous opportunities for co-curricular activities to enrich their cultural interests. The college encourages students to take part in a wide variety of cultural competitions such as singing, dancing, debates, creative writing etc. and hold various cultural activities throughout the year. There is an annual cultural fest in whice the students activity participants in "Padmanjali".

Collaborations

Rural Dental College is part of the collaborations developed by Pravara Institute of Medical Sciences. At present the University collaborates with a numbers of National and

International Universities and organizations. College collaborates nationally with Ministry of Health. Govt. of India New Delhi, Dist. Health Society, Ahmednagar, Pravara Institute of Research and Education Natural and Social Sciences, Loni. Collaborations exist internationally with TUFTS University, Boston, Pathfinder International, Boston, USA, Swedish International Development Co-operation Agency, Sweden. Currently the collaborations are in progress with Hebrew University (Oral Cancer) and University of Bari (Implantology and Regenerative Dentistry). Successful collaboration of the Rural Dental College, Loni with the University of Santiago, Spain for the PhD project of Dr. Deepak Vikhe (Reader, Prosthodontics) has been initiated.

Significant Milestone & Achievement:

- As on now 1592 BDS, 186 MDS students have graduated from Rural Dental College and they are well placed at National and International level.
- > 33 students in certificate course in Implantology, 95 Dental Mechanics and 118 Dental Hygienists have been cleared by this institution.

- > 376 research works done by the staff and students of Rural Dental College the results are published at National and International level in last 5 years.
- > To widen the horizons of academic learning and organizing skills, Annual Student Scientific Conventions are being conducted in rotation by each department. Subject experts are invited from various parts of the country for scientific deliberations and hands on courses students get an opportunity to present scientific papers.
- Rural Dental College completed 25 years in dental education and celebrated the silver jubilee function on 24 to 26 Nov. 2014 along with continuing dental education.
- » RDC along with PIMS-DU has been re-accredited as Grade A by NAAC in March 2017
- NSS camp and Skill Development program (Dental Mechanics and Dental Hygienist) has been implemented.
- > RDC Successfully completed the **periodic DCI Inspection** in February 2018 with no compliance.

Dr. A. P. J. Abdul Kalam College of Physiotherapy

Loni Bk. – 413 736, Tal: Rahata, Dist: Ahmednagar Phone: +91 2422 – 2711226, Fax: +91 2422- 273413

E-mail: principal.cpt@pmtpims.org

Establishment: 1997

Dr. Subhash Khatri Principal, Dr.APJ AK COPT

Introduction:

At the outset, on behalf of the staff and students of our college please accept warm wishes. I am glad to write the opening annotations for annual report pertaining to our college, Dr A.P.J. Abdul Kalam College of Physiotherapy, Loni.

I will appreciate your time if you could read the next few pages to get an insight about our college during the academic year and give your valuable ideas for further development of our college.

This year 2017-18 was very lively and exciting for all the staff and students. Orthopedic Physiotherapy department organized a guest lecture on "Role of Youth in Society" on 26th September, 2017 at New Lecture hall complex, PIMS. Mrs. Sunita Kode, Social Worker and Producer of Drama and Theatre graced the occasion as the guest speaker and this event was attended by Physiotherapy and Nursing students. Community Physiotherapy Department organized the World Physiotherapy Day on 8th September 2017 at Saraswati Hall in Padmabhushan Dr. Balasaheb Vikhe Patil Lecture hall Complex. It was attended by the faculty of Dr. A.P.J. Abdul Kalam College of Physiotherapy, Post graduate Students and Under Graduates students. The Guest of Honour for the function was RMC Dean Dr. R. C. Goyal. A Lecture on History of Physiotherapy was explained by Dr. Nupoor Kulkarni followed by Prize Distribution for Rangoli Competition, The Best Teacher Award and Best Researcher Award was given to Post Graduates and Under Graduate students. This was followed by a patients feedback video after his Physiotherapy treatment. Programme, importance of Physiotherapy was explained to all.

On the occasion of World Heart Day ,Cardio-Respiratory Physiotherapy department organized Risk Stratification and Cardio-Vascular Fitness Screening Camp for Teaching and Non-Teaching Staff- PIMS, Loni on 27th September 2017 in Cardio-Respiratory Physiotherapy OPD.

Neuro-Physiotherapy department had organized a hands on workshop on EMG/NCV on 3rd February, 2018 at Lecture Hall No. 1 and EMG/NCV Laboratory of Dr. APJAK COPT, Loni. Dr. Nehal Shah, Principal of

S. B.B. College of Physiotherapy, Ahemadabad was invited as a resource person for this workshop. Twenty participants had participated in this workshop including the Faculty of department of Physiology& Dept of Neuro-Physiotherapy, MPT students, III and IV BPT students of Dr. APJAK COPT, Loni.

"World Autism Awareness Day" was conducted by Pediatric Physiotherapy Department on 5th April 2018 in Dr. A P J Abdul Kalam College of Physiotherapy PIMS, Loni. It was hosted by Ist year Pediatric Post Graduate Students. Faculty, post graduate and undergraduate students attended the program.

Hands on workshop on wheelchair assessment, prescription and skills was conducted by Dr. Inka Lofvenmark, SCI Expert, Spinalis, Sweden for III year BPT students of Dr. APJ Abdul Kalam College of Physiotherapy on 30th November, 2017 at Lecture Hall No. 3, Dr. APJAK COPT, Loni.

Community Physiotherapy department had organized a seminar on Geriatric Update. Dr.Elizabeth Rydvik and Dr Christina Opava were invited as guest speakers from Karolinska Institutet, Sweden. 127 students and staff of Dr APJAK COPT participated in this program.

International Collabration:

- Dr. Vishnu Vardhan & Dr. Nilashri Naik were selected for Linnaeus Palme staff exchange programme in collaboration with Karolinska Institutet, Sweden. (30th April,2018 – 21st May 2018)
- Geetanjali Jethliya was selected in Erasmus Mundus Scholarship programme for PG Research Project. (8th March ,2018 - 5th June 2018)
- Neha Chauhan and Sejal Singhavi were selected for Linnaeus Palme Student exchange Programme. (8th March, 2018 - 5th June 2018)

Undergraduate Programme:

Bachelor of Physiotherapy (BPT)

The undergraduate programme commenced in 1997. Course duration is four years and six months which includes compulsory internship of six months.

Postgraduate Programme:

Postgraduate programme in Physiotherapy leading to Masters in Physiotherapy (MPT) commenced in the academic year 2005. Masters programme is offered in following five specialties;

- 1. Orthopaedic Physiotherapy
- 2. Neuro Physiotherapy
- 3. Cardio-respiratory Physiotherapy
- 4. Community Physiotherapy
- 5. Paediatric Physiotherapy

Infrastructure:

- · A well equipped new College building with five floors consists of the following departments of Orthopedic Physiotherapy Department, Neuro Physiotherapy Department, Spinal Cord Injury Rehabilitation Centre, Geriatric Physiotherapy Department, Cardio Respiratory Physiotherapy, Department of Pediatric Physiotherapy Department and Spinal Cord Injury Rehabilitation Center.
- . Two lifts are installed for easy transfer for patients from wards to Physiotherapy Department.

Research:

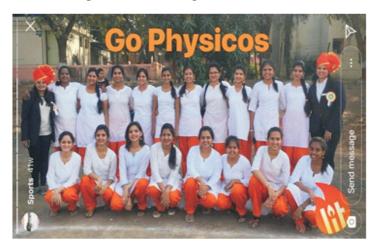

The Institute provides good environment to conduct scientific research in the field of Physiotherapy with significant practical application. The faculty has National publications and International presentations to their credit.

College of Nursing

Loni Bk.: 413 736, Tal: Rahata, Dist: Ahmednagar

Phone: +91 2422 - 2711226 (1756)

Fax: +91 2422- 273413

E-mail: principal.con@pmtpims.org

Establishment: 1999 – 2000

Lt Col (retd) V Radha
Principal, College of Nursing

Introduction

Under the aegis of Pravara Medical Trust, a 100 bedded Pravara Rural Hospital was established in 1976 to provide comprehensive health care and medical service to the poor and needy of rural region of Ahmednagar district. In this line, Rural Medical College was established in 1984 to educate and train the doctors who would serve the rural poor. There was a need to prepare qualified nurses to provide the comprehensive nursing care to patients admitted in Pravara Rural Hospital. Thus was born the Training College of Nursing in 1986, then the school was upgraded to College of Nursing in the year 1999 and B. Sc (Nursing) program was introduced. Additionally in 2008 and 2009 CON started the advanced courses such as P.B.B.Sc, M.Sc and PhD program respectively, and CON has successfully completed 33 years of nursing education and training, and marching ahead...

The College of Nursing is recognized by the statutory bodies like Indian Nursing Council, New Delhi; Maharashtra Nursing Council, Mumbai and Government of Maharashtra, and affiliated to Pravara Institute of Medical Sciences — Deemed to be University. We offer 11 courses in nursing sciences [GNM to PhD degree, including 02 Post Basic Diploma courses]. The intake capacity for GNM: 100, B.Sc: 50, P.B.B.Sc: 25, M.Sc: 25 with 05 specialties and PBDP: 15 seats each. The college has all the state of art facilities, amenities and qualified faculties (01 with PhD and 09 pursuing PhD) as per INC norms.

The students of College of Nursing are fortunate enough to have clinical experience in 1275 bedded

multi specialty tertiary care Pravara Rural Hospital located within the campus, and have community health nursing facility, where it is affiliated with 11 PHC's; out of which 01 is an Urban PHC, are 08 Rural PHC's and 02 are tribal PHC's.

For keeping the faculty enriched with recent trends, the college deputed 34 faculties to attend various FDP's and CNE's across India, further we have organized 04 FDPs and 01 guest lecture's for faculty, nurses and students (01: National level and 03: college level workshop/conference).

Research is an integral part of any profession and nursing is no exceptions; In relation to research activities; the faculty has completed 06 research works and has 12 ongoing research; similarly PG students have completed 20 dissertations, 14 studies are ongoing. There were 11 international publications by the faculty; in peer reviewed indexed journals and 02 paper presentations.

College of Nursing strongly believes that the basic component of nursing care is education and awareness creation. To fulfill this goal, the faculty and students have carried out 23 community outreach extension activities at schools and villages. Further, students have participated in 13 mini/multi diagnostic camps organized by PRH, and 21 SHAPE activities organized by CSM.

College has international linkage with Erasmus Mundus (European Union) and University of Worcester, United Kingdom; college similarly has national collaboration with Society of Midwives India (SOMI) and Nursing Research Society of India (NRSI) for academic and research activities.

Students have participated in numerous extracurricular and sports activities at university and state levels. They have won medals and prize in PADMANJALI 2018. College has been recognized as a nodal center for conducting CNE's for nurses for a period of 5 years by MNC, Mumbai.

Our vision is 'service to the rural people by preparing competent nursing graduates through integrated, holistic, problem solving and community oriented approach'. The management, Principal, Faculty and Students of college focus and strive to accomplish the vision.

AIM:

The college aims to prepare nursing graduates.

- 1. To assume responsibilities as professional competent nurse and midwife in providing holistic care
- 2. To assume the role of a care provider, manager, supervisor, teacher and researcher in different health care set ups.

Programmes Offered:

Undergraduate : B.Sc Nursing

: Post Basic B.Sc. Nursing

Postgraduate : M.Sc. Nursing (Five Specialties)

Certificate : Pediatric and Neonatal Nursing

Diploma : General Nursing and Midwifery (GNM)

Post Basic Diploma : Critical Care Nursing

: Orthopedic and Rehabilitation Nursing

Continuing Nursing Education Programme:

For keeping the faculties enriched with recent knowledge and trends, the College of Nursing has deputed 34 faculties to attend various FDP's across India. College of Nursing had organized 04 FDP's (01 National level conference, 03 College level workshops). Further a journal club is conducted regularly to refresh and renew the knowledge in nursing sciences.

Short-Term Training Programmes:

CON offers short term training programmes such as 1) Geriatric Nursing 2) Yoga & Health 3) In Vitro Fertilization 4) Operation Theater Technique for the nursing professionals as a value added programmes. College also offer training to first year MBBS students on basic nursing procedures such as administration of injections, and CPR etc; if give First Aid training to school teachers/security personnel/students, and conducts child to child programs in various schools.

Centre for Biotechnology

Loni Bk.: 413 736, Tal: Rahata, Dist: Ahmednagar

Phone: +91 2422 - 271350,

Fax: +91 2422- 273413

E-mail: biotechnology@pmtpims.org

Establishment: 2001

Dr. Suresh Kamble I/C Director Centre for Biotechnology

of therapeutics, neutraceutics etc. Therefore, it is considered to be the growing technology of the 21st century and has a promising future to enhance the quality of life and environment.

The institute is furnished with the necessary infrastructure to conduct scientific research. The institute mainly focuses on the research activities in the field of medicine. The salient features of the institute include curriculum versatility and research ambience. Recently, the curriculum has been updated to implement CBCS pattern and more emphasis has been given to coand extra -curricular activities of students. Minor research projects and summer training programs were conducted for students to develop their technical skills. A research consultancy was provided to research projects from students of College of Agricultural Biotechnology, Loni. The institute has an International Collaboration with Drake University, USA promoting research in the field of tribal health.

Introduction:

The Center for Biotechnology was established in the year 2001 with a basic intention of facilitating the initiation of young students in the field of Medical Biotechnology, by imparting them with quality education and further training them to take up either a research career or get recruited in the relevant industry or hone the skills to become a successful entrepreneur.

Medical Biotechnology is a specialized discipline dealing with the understanding & use of living cells or any biomaterial and its derivatives in health and diseases. It has an interdisciplinary approach that combines the knowledge of fundamental sciences including cell biology, biochemistry, genetics and many others for its application in the advancement of medicine in terms of disease diagnosis and development

Laminar Air Flow

Establishment

The Centre for Biotechnology was established under the ambit of Pravara Institute of Medical Sciences-Deemed to be University in the year 2001.

Vision

To nourish and nurture the young, creative and innovative minds to develop high quality professionals in the field of Biotechnology and Health Sciences leading to the significant contribution for the betterment of mankind and mother country.

Bioinformatics Lab

Spectrophotometer

Mission

 To be a centre of excellence in the field of Medical Biotechnology through imparting need based quality education and training in relevant areas of biological and health sciences

- To provide a common platform to students and other stakeholders with diverse academic backgrounds and familiarize them to a new horizon of Medical Biotechnology through quality education, training, research, extension and outreach activities.
- To be a premier institute in terms of cutting edge research, providing state of art facilities and produce creative, competent scientists, researchers, technologists and entrepreneurs in the field of Medical Biotechnology
- To train the next generation medical biotechnologits to serve the health care system of the nation, especially rural population as well as inculcate values & ethics among all its stakeholders and ensure transfer of technology from laboratory to land.

Inverted Microscope

Lyophilizer

Goals

The Centre is desirous of becoming one of the country's premiere Institute. The primary focus is education and research with relevance to the practical world as a guiding principle. This Centre has envisaged interdepartmental multidisciplinary programmes and laboratories. The centre, despite having strong research base, desires to extend beyond traditional boundaries. It seeks to be a pulsating temple of science from which intelligence, knowledge and wisdom disseminate.

Traditional Day Celebration

The Centre was established to:

- Integrate various research and other activities in Biotechnology with Rural Medical College and Rural Dental College.
- Screen plants, microbes and other biological sources for bioactive molecules - particularly those useful as anti-cancer agents.
- Develop transgenic crops that can express human therapeutic molecules and resist stress like drought and soil salinity.
- Apply biotechnology for sustainable use of available bio- resources to solve the problems of nutrition and livelihood.

Center for Social Medicine

Loni Bk.: 413 736, Tal: Rahata, Dist: Ahmednagar

Phone: +91 2422 - 2711226, Fax: +91 2422- 273413

E-mail: csm@pmtpims.org

Establishment: 2001

Prof. K.V. Somasundaram
Director

From Directors Desk:

The Centre for Social Medicine (CSM), which was established by Pravara Medical Trust (the parent organization) in 2001, was recognized as a Constituent Unit of Pravara Institute of Medical Sciences – Deemed University on 31st May 2005 by UGC & Ministry of HRD, Government of India. While fulfilling the major role of creating enabling environment and strengthening the community health services for implementing Community Oriented Medical Education (COME) and Community-Academic Partnerships (CAP) of all six Constituent Units of PIMS-DU, the CSM has also started its own academic/training, research, consultancy and service programs in these 11 years.

During the academic year 2017-18, the Centre offers a Postgraduate program in Public Health (Masters in Public Health), two Certificate programs (one exclusively for international students), One STTP – *Arogya Mitra*, and seven Skill Development Certificate Courses under Prime Minister Skill Development Program.

CSM has organized three editions of 4 to 12 weeks duration Certificate Program in Social Health and Development during 2017-18, wherein 16 international students hailing from Oregon State University, University of Oregon, Drake University, University of Washington, University of Montana and University of Worcester, UK have participated. Training of Undergraduate students in Environmental Sciences, COME & CAP programs for Medical, Nursing, Physiotherapy students at RHCs, Mobile Clinics, Gram Arogya Banks, Camps etc.

Three editions of Continuing Medical Education (CME) for the Medical Officers and Nursing Staff working at the Rural and Tribal Health Centres and Mobile Clinics run by CSM were organized in collaboration with Rural Medical College, Loni. The faculty of CSM have generated over Rs. 10 million grants from external sources (NACO/MSACS, SHSRC, and GFATM NMP+) to implement six research and extension projects during 2017-18.

We are glad that as many as 1,33,348 patients (general OPD and Maternal & Child Health (MCH)) from remotest villages & tribal people have been benefitted by our eight Rural & Tribal Health Centres and two Mobile Clinics during 2017-18. Besides, as many as 550 health check-up camps (100 in Ahmednagar & 450 in Malegaon & Nashik cities) with free consultation, distribution of medicines, were organized during 2017-18 for general public, women and children, migratory sugarcane harvest workers,

brick kiln & hotel workers, industrial and construction workers, female sex workers, homosexuals and transgender population. As many as 17,000 patients here treated in these camps during August 2017 to July 2018

The "Arogya Mitra" of eight Gram Arogya Banks has provided first aid and primary health care treatment to as many as 3,308 patients during 2017-18, besides providing various health education and promotional activities. CSM in collaboration with other constituent units of PIMS has organized 22 School Health Programs under SHAPE, 52 Namaskar Doctorvideo conferencing program (every Tuesday) and 52 Hello Doctor Community Radio Program (every Wednesday) during the year.

The Centre is glad to continue its services during

the year under review to the most vulnerable sections of the society like 2,000 Female Sex Workers, 1,500 LGBT population, 25,000 Migrant Workers, 5,500 PLHIV through targeted interventions and care & support centre activities in Nashik and Ahmednagar districts of Maharashtra in collaboration with NACO/MSACS & Global Fund for ATM/NMP+.

Prof. K. V. Somasundaram, Director, Centre for Social Medicine

Introduction

Social Medicine & Public Health encompasses all dimensions and disciplines that affect the human health, hence it is multi-disciplinary & multidimensional. The recognition that the discipline of Community Medicine, Public Health Dentistry, Public Health Nursing and Community Physiotherapy of the respective colleges in the present set-up fall short of addressing societal responsibilities, health inequalities as well as health science student's needs in practical skills developmental in social sectors, was the major impetus for establishing a separate Center for Social Medicine (CSM) by PIMS, Loni in 2001. The Centre was a true reflection of the commitment of the founders of PMT and PIMS to serve the underserved through appropriate & sustainable solutions. The Center was recognized as a Constituent Unit of Pravara Institute of Medical Sciences – Deemed University by Ministry of HRD, & UGC in 2005.

Over a period of time, the PIMS-DU has developed a full-fledged discipline of Social Medicine & Public Health under "Faculty of Allied Health Sciences" to integrate health with other developmental sectors and demystify medicine to give health into the hands of people and reduce health inequality. Hence the Centre engages in its activities all developmental sectors - agriculture, education, industry, environment, social & economic empowerment, capacity-building of peripheral health workers and non-formal education, innovative community-based primary health care delivery to reach vulnerable and high risk groups which have direct or indirect influence on health of the human-beings.

The Mission

To support and encourage interdisciplinary research, training, and services in the field of social medicine and community development for the benefit of students, faculty and the needy community at large.

The Vision

The vision is to be a leading Center of Excellence in Social Medicine, health equality and community development.

Objectives

- · To train and nurture students in Public Health, Social Medicine, and Community Development.
- To conduct and promote research & scholarship in Public Health, Social Medicine and Community Development
- · To provide Comprehensive Community Health care to the needy
- To empower people for their holistic health and development.
- To develop networking and partnership with individuals and organizations

Broad Areas of Activities Implemented:

- The CSM strengthens professional commitment through academic and community interactions to promote public health, social medicine, and community development in the following broad areas of intervention.
- · Education & Research
- Training (vocational & skill development)
- · Extension Services & Activities
- · Networking & Collaborations-Global, National, Regional
- Advocacy Awareness and Empowerment

Selective 250 remote rural and tribal villages, urban slums in Ahmednagar and Nashik districts of Maharashtra, adopted by CSM as operational area has been serving as Community Laboratory for various teaching/training, research and extension activities.

All the activities of CSM focus on vulnerable high risk, and marginalized sections of the society like women and children, elderly, differently abled, tribal, migrant population, sex workers, transgenders etc

- · Education & Training (Formal & Informalskill-development/transfer)
- · Research & Extension (Community & Public Health Interventional)
- · Primary Health Care Delivery (Community Participated & Oriented)
- · ICT (e-health/e-empowerment) & Networking (Global-National-Regional collaborations)
- · Community Empowerment (Advocacy & Behavioural Change Communication)

Education & Training

The CSM offered the following formal and non-formal academic programs during 2017-2018

Master of Public Health (MPH)-2 Years full time program

The CSM admitted 6 students in the 6th batch of MPH (Public Health) program during 2017-2018. With this the total students persuing MPH, (Public Health) (1st & 2nd Year) has gone to 10. The course has been specially designed with theory, practical/demonstrations, and extensive field exposure for acquiring the skills needed to face the National and Global Challenges in the field of Public Health.

Ph. D Program

As many as 3 students one pursuing Ph. D program at the CSM during this academic year.

Certificate in Social Health & Development (CSHD) – International

Three batches (19th, 20th, 21st & 22nd) of 4 to 12 weeks Certificate Course in "Social Health & Development" was organized by CSM, during Aug. 2017 to July 2018. As many as, 16 international students (11 female & 5 male) representing Oregon State University, USA; University of Oregon, USA; Drake University, USA; University of Washington, USA; University of

Montana, USA; University of Worcester, UK pursued this course. This is an unique course designed & implemented by CSM since 2011-12, with an aim to give practical hands-on exposure to international students by encouraging them to work in a team in all the community health extension activities as well as shadowing health workers in the hospitals and health centres of PIMS-DU.

Teaching & Evaluation in Environmental Studies to Undergraduates of PIMS

The CSM conducted a year-long comprehensive teaching & evaluation program on Environmental Studies to all undergraduate students of MBBS, BDS, B.P.T, B.Sc. and P.B.B.Sc. (Nursing) as well as B.Sc. (Biotechnology) of PIMS University as per UGC guidelines.

Skill Development Program under Program under *Pramod Mahajan Kaushalya vikas va Udojagta Abhiyan* (PMKVUA)

PIMS-DU Skill Development program 2017-18

Pravara Institute of Medical Sciences (DU) has been empanelled as a vocational training provider (VTP) under Maharastra State Skill Development Society (MSSDS) for offering skill development Courses in Medical & Nursing and Allied Health Care Sector in April 2017

The MSSDS has allotted Approved VTP No to PIMS as 522VTP113132 .The MSSDS has accorded sanction for following courses under *Pramod Mahajan Kaushalya vikas va Udojagta Abhiyan* (PMKVUA)

1st batch of Skill Development courses was completed in this year. Certificated distributed program was organized and certificate were distributed to all the student at the auspicious hands of Hon'ble Dr. Rajendra E. Vikhe Patil, Pro-Chancellor, PIMS-DU, Loni.

Facilitate COME at PIMS University

The CSM facilitated Community Oriented Medical Education (COME) for 450 Undergraduates, Interns and Postgraduate Students of Medicine, Dentistry, Nursing and Physiotherapy through rural posting at Rural Health Centers, Mobile Medical Clinics, Health Check-up Camps, School Health Programs and other out-reach projects/program of CSM during 2017-2018

Research & Extension (Community & Social Health Interventional) Projects:

The CSM was engaged in implementation of social & public health interventional research projects funded by national and international organizations during 2017-2018.

Inauguration of Centre for Research in Tribal Health and Services (CRTHS)

On 26th January, 2018, Dr. Rajendra Vikhe Patil inaugurated a "Centre for Research in Tribal Health and Services (CRTHS)" under Centre for Social Medicine. This is one of the dream projects of Late Dr. Balasaheb Vikhe Patil, Founder of PMT & PIMS and Dr. Vijay Kelkar, Hon'ble Chancellor, PIMS-DU. The vision of the Centre is to achieve complete wellness and health equity for tribal communities at regional and national level. It is one of the historical milestones in fulfilling the institutional social responsibility of PMT

and PIMS-DU. Dr. Vikhe Patil also inaugurated a well equiped Ambulance, "Pravara Gram Arogya Banks" and launched the "Ethno Medicine Project". A free multi-diagnostic and treatment camp and Health and Nutrition Exhibition was also organized on this occasion.

Launch of the PMT- Bajaj Emergency and Remote Medical Services Project

The Bike Ambulance and Bike Health Clinic Services were formally launched on 6th July, 2018 at 12:30 pm at Pravara Tribal Health Centre, Bhandardara at the hands of **Dr. Kiran Kulkarni, I.A.S, Commissioner, Tribal Research and Training Institute, Pune**. With this Six Bajaj Motorbike Ambulances and Health Clinics are dedicated for the service of remote rural and tribal people.

The Co-partner of the Project Mr. C.P. Tripathi, Advisor—CSR, Bajaj Auto Ltd, Pune handed over the key to Dr. Rajendra Vikhe Patil, Pro Chancellor, Pravara Institute of Medical Sciences-Deemed University, Loni.

The central idea of this project is to attend the medical emergencies with first-aid as quickly as possible and transport the patient to the nearest health centre or higher centre & for creative are every time medical care. Keeping this in mind, four motorbikes will be used as ambulances – one each at Zarekathi, Fattyabad, Bhandardara and Rajur. Besides, two Motorbike Health Clinics will provide preventive health care to 34,000 people across 32 most remote villages of Bhandardara and Rajur areas.

It is expected that as many as 700 - 800 emergency patients a year are provided with pre hospital care and transportation, and 350-400 emergency pregnant women will be shifted for institutional deliveries per year, and at least 400-500 lives will be saved a year.

Besides, it will increase MCH indicators of the target area of Motorbike Mobile Health Clinics by 10-15% per year.

The project, in turn will help the State to achieve the Millennium Development Goals 3 & 4 by Reduced maternal, neo-natal, infant and child mortality rates and mortality due to emergency / trauma and increased MCH outcomes like ANC/PNC coverage, child growth monitoring and institutional deliveries.

Ongoing External Funded Projects:

During the academic year 2017-2018, the centre was engaged in implementing 11 research & extension projects, of which 8 were external funded (3 by MSACS, Mumbai; 1 by NMP+, Pune and 1 by Nashik Municipal Corporation). The details of the four MSACS funded projects are as follows:

(i) Targeted Interventions for FSWs: This project was started in 2005 with initial funding from Pathfinder International, USA in Nashik district to cover 600 Female Sex Workers. Since 2011-12, the funding support was received from MSACS, Mumbai and the number of FSWs was increased up to 1000. During the year 2017-18, a fresh proposal was submitted to MSACS, Mumbai and got extension for one more year ie., up to 2019, with an increase of target population and funding from 1000 to 1200 FSWs.

A brief report

Targeted Intervention HIV – Female Sex Workers, Nashik.

PMT is implementing targeted intervention for HIV with sex workers in Nashik district funded by Mahrashtra State Aids Control Society (MSACS) .The project is working with 1500 hundred sex workers from Nashik, Manmad, Sinnar and Lasalgaon. Total sex workers registered since start of the project till July 18 are 2256. Out of which 866 are brothel based 1097 home based,106 lodge based and 187 street based. In the period of Aug 17 to July 18 the project registered 230 new sex workers. Total clinic attendance for the said period was 5,609. Presumptive treatment was given to 188 sex wokers. 54 were detected with STI and were treated. 2,650 sex workers were screened for HIV, which includes repeat testing ,out of which 2 were HIV positive, who were linked to ART centre.7,04,886 free Condoms and 14,000 socially marketed condoms were distributed. This shows increased awareness among sex workers for condom usage. Many individual and group awareness sessions were conducted. Many events were conducted and various festivals like Ganpati, Navaratri were calibrated.

Police Awareness Workshop: A workshop was conducted for police officials on proper implementation

of ITPA (Immoral Trafficking Prevention Act) Advocate Asim Sarode and Public Prosecutor Advocate Ravindra Nikam were the resource persons.46 police officers from

rank of PI, ACP, DCP attended the workshop, Officers from women and child welfare department also participated in the workshop. It really helped in creating awareness and rapport building amongst police.

Rehabilitation sex workers:

Various Industrialist were approached to initiate a rehabilitation project for sex workers. Advocay with police was done for the same by sex worker women.

Meeting with Mr Santosh Mandlecha President Maharashtra Chamber was conducted of Commerce for rehabilitation of sex workers.

RNTCP-TB Program

PMT is working in Nashik city for TB awareness program funded by Municipal Corporation, Nashik. We are working in the Nashik central slums. The project conducted 26 TB awareness events in slums covering around 648 population.9 school awareness programs were conducted covering 648 students.6 Youth meetings were conducted covering 116 youths.11 SHG meetings were conducted to create awareness among 235 slum. Deliver the project also participated in Youth Day rally where 300 youths were given information about TB. TB awareness rally was conducted with 200 participants. Childrens day Rally was conducted with 2000 participants.

Targeted Intervention HIV-Migrant Malegaon.

PMT is working with the migrant population from UP, and Bihar working in power looms in Malegaon. The project is working with 15000 migrants in Malegaon city and its outskirts. Annual registration was 18,791. 6,954 one to group sessions were conducted, out of which Peer Leaders condcuted 5,907 sessions and Outreach Worker Conducted 1,047 sessions covering a population of 66,741 migrant's. Out of which 18,791 high risk migrant's were registered with the project. 236 health camps were conducted in which 6,144 migrants

were screened and 389 were detected with STI. Total 5170 migrants were screened for HIV and 16 migrants were detected to be HIV positive who were linked for ART. 140 media events were conducted where awareness was created among 15770 individual migrants through street plays, poster exhibitions etc.

One to Group Session on Condom Demonstartion.

Stakeholders meeting:

RMNCH+A Project Malegaon:

PMT started implementing RMNCH+A project in Malegaon since November 2017. The project is funded by UNICEF, India and is supported by Committed

Communities Development Trust, Mumbai. Currently the project is working in 7 high Risk Urban Health Posts (UHP) out of which 9 UHPs one for Maternal, Child and Adolescent health. A team of 36 community coordinators and two project supervisors are working in the project. The activities conducted were social mapping and house to house survey to get baseline data. Eligible couples and children in the age of immunization were identified. Data triangulation of the same was done.

Trainings were conducted on Nutrition and Strategic Behaviour Change Communication with Education, Health and WCD department of Municipal Corporation.

Strategic Behavior Change Communication Workshop

PMT is implementing targeted intervention for HIV with sex workers in Nashik district funded by Maharashtra state AIDS Control Society (NACO). We are working with 1,500 Female Sex Workers from Nashik, Manmad, Sinnar and Lasalgaon. Total sex workers registered since start of the project till July 17 were 2,025. Out of which 857 are brothel based sex workers, 914 Home based, 92 Lodge based and 185 Street based sex workers. In the period from Aug 16 to July 17 we registered 116 new sex workers. Total clinic attendance for the said period of one year was 4,816. Presumptive treatment was given to 108 sex workers, 54 were detected with STI and were treated. 2,515 women were screened for HIV, which includes repeat testing out of which 8 were HIV positive, who were been linked to ART centre. 8,17,972 free condoms and 34,900 socially marketed condoms were distributed. Shows increased awareness among sex workers for condom usage. Many individual and group awareness sessions were conducted.

Ongoing Internal Funded Projects:

PIMS-DU has funded 4 projects during the year 2017-18 which include (i) Pravara Health and Demographic Surveillance System (Pravara HDSS) in 100 villages, (ii) Genetic analysis of Human Leucocyte Antigen (HLA) Polymorphism in Tribal & Non-tribal

Population of Maharashtra India - A pilot study (iii) Emergency & General Health Care Initiative through Motorbike Ambulance & Motorbike Clinic Services on Medical, Maternal and Child Health for remotest Tribal & Rural People of Ahmednagar district, Maharashtra (iv) Pravara Health and Demographic Surveillance System (Pravara HDSS).

Community Oriented Primary Health Care & Health Promotion Activities

The Centre provided primary health care and referral services; during 2017-18 to about 300,000 population residing 200 remote and tribal villages of Ahmednagar district through the following out-reach health centres, mobile clinics and other community health activities.

Rural Health Centres:

Rural Health Centers located in remote rural & tribal areas covering a Population of 2.05 Lakhs.

As a part of 'Comprehensive community oriented decentralized primary health care delivery system', the Rural Health Centers (Babhaleshwar, Kolhar, Pathare, Zarekathi, Shendi, Rajur Lohare, Mirpur and Fattyabad) and Mobile Clinics (Loni & Shendi) located in remote rural & tribal areas of Ahmednagar district and covering 4 lakh population,catered Medical & Health services to (RHCs-1,09,955, & MCs -23,393) General and MCH patients.

Health Check-up Camps:

As many as 550 health check-up camps (100 in Ahmednagar district & 450 in Malegaon & Nashik cities) with free consultation & distribution of medicines, were organized during 2017-18 for general public, women and children, migratory sugarcane harvest workers, brick kiln & hotel workers, industrial & construction workers, female sex workers, homosexuals and transgender population. As many as 16,009 patients were treated in these camps.

School Health, Hygiene and Environmental Program (SHAPE):

During the year, SHAPE was implemented in 30 Schools (19 Government (Z.P) & 11 Private - one exclusively for Deaf & Dumb) addressing over 2,481 tudents and 76 teachers & staff members. These schools are spread in remote & tribal villages of Ahmednagar district, Maharashtra. Besides, health, hygiene & nutrition talks and practical demonstrations involving students on scientific way of "hand washing with soap", brushing teeth, nail cutting, physical exercises and environmental cleanliness, the SHAPE includes various other social, physical health promotional activities designed and implemented along with the empowered "School Health Committees" to make the schools as "Health Promoting Schools", in the long run. The program was implemented in joint collaboration with the respective departments' faculty and students of Rural Dental College, College of Physiotherapy, College of Nursing of PIMS-DU, Loni.

PRAVARA RURAL HOSPITAL

Loni Bk.: 413 736, Tal: Rahata, Dist: Ahmednagar Phone: +91 2422 - 2711226, Fax: +91 2422- 273413

E-mail: ms@pmtpims.org
Establishment: 1972

Col. (Dr.) N S Pawar Medical Superintendent, PRH

Introduction:

Pravara Rural Hospital & Medical Research Centre is 1275 bedded Multidisciplinary, Superspeciality Hospital with state-of-art gadgets, equipments including 64 Rows 128 Slice CT Scan, 1.5 Tesla MRI, Linear Accelerator with IMRT & well equipped ICUs and ICCU. Modern hi-tech Central Clinical Laboratory (CCL), Blood Bank with component separation facilities. Cancer Treatment and Research Centre supports the hospital. Ancillary units such as Physiotherapy Rehabilitation and Holistic Medicine departments for patient care are available in hospital.

- The hospital serves approximately 50,00,000 populations, covering 500 rural, remote, tribal, hilly villages and urban slums. Over 186 free Paediatrics Heart Surgeries have been performed till date. Over a Lakh patients have been registered so far at the Rural Cancer Treatment & Research Centre which has established its own Rural Cancer Registry (Centre Code No. 513) and Day Care setup. Currently we have an advance treatment facility of Linac with IMRT.
- The Pravara Rural Hospital continues rendering quality services with visible accomplishments.
- Pravara Rural Hospital had over **8,22,333** OPDs attendance of which over **4,34,181** were new patients and **3,88,152** were old patients with an average daily attendance of **2,787.57** patients.
- IPD attendance was **3,18,065** patients with an average daily bed occupancy of **88.92** %.
- During the period hospital has organized 05

Multi-diagnostic (multi-specialty) camps in which a total of **5,672** patients were examined and as many as **23** Mini Medical camps including Dental camps in which **9,376** patients were examined. Patients requiring further specialized services were brought to main hospital for evaluation and treatment. **36** Voluntary Blood Donation Camps here organized during the period in which **1267** Blood Units were collected.

- During the period between August'2017 to July'2018, total of 62,122 operations were performed, which includes 12,226 major surgeries, 5,969 minor surgeries and 43,927 minor procedures performed in various specialists OPDs.
- The hospital assists State and Central

Government to implement their National Public Health Programmes.

- The institute provides sophisticated diagnostic and therapeutic facilities like Ultrasonography, Color Doppler, CT Scan, MRI, DSA, Mammography, Digital X-Ray with PACS, Cardiac Monitors, etc.
- Spacious specialty out-patient & diagnostic departments and in-patient wards are available with residential expert medical and paramedical teams.
- Central Clinical Laboratory (CCL) consists of Pathology (Morbid Anatomy, Cytology, Haematology), Biochemistry and Microbiology is well equipped and caters to the needs of patients. The hospital CCL also functions as a referral centre for nearby pathologists and laboratories.
- The Blood Bank of the Hospital is equipped with state-of-art equipments to perform routine and special investigations including HIV Test (Elisa reader) and separation of blood to prepare blood components. The blood component therapy has proved to be a boon for the needy patients.
- Dialysis Unit caters to the needs of high incidence of insecticide poisoning and snake-bites leading to kidney failure, which is very common among agricultural workers.
- Emergency and Trauma care is provided round the clock by experts. These services are augmented with the latest diagnostic facilities like invasive and non-invasive imaging techniques, on the spot transfusion and other resuscitative techniques.
- Major as well as specialized surgeries including Paediatric Cardiothoracic, Neurology, Urology, Laproscopic, Spinal, Micro Laryngeal, Oral & Maxillo Facial Surgery, Reconstructive and replacement surgeries are performed in a centrally air conditioned Operation Theatre Complex housing eight OTs which are equipped with excellent operating and monitoring facilities.
- Besides this, every Out-patient Department has its own operation theatre for day care services.
- Advanced Neonatal Unit, Neonatal Intensive Care Unit and Paediatric Intensive Care Unit take care of preterm babies, critically ill neonates, infants and children ensuring an excellent salvage rate.
- Intensive Care Unit is well equipped with state-of-art monitoring and life support systems for the care of the critically ill.
- ICCU A six bedded ICCU equipped with latest of the Ventilators, Multipara Monitors, External Cardiac Pace Maker and 24 hours

continuous Holter ECG monitoring facilities, caters for the needs of critically ill cardiac patients.

ICUs: A well equipped 14 bedded Medical ICU, 11 bedded Surgical ICU and 04 bedded Respiratory ICU caters for critically ill patients from these disciplines. Medical ICU also caters for a facility of beside Haemodialysis.

Specialised Services

- Paediatric Cardiac Surgery
- Paediatric Surgery
- Traumatology
- Urology
- Micro Laryngeal Surgery
- Advanced Neonatology
 - **Specialised Dental Care:**

- Cardiothoracic Surgery
- Nephrology
- Neurology
- Laparoscopic Surgery
- Burn & Reconstructive Surgery Spinal Surgery, Joint Replacement, Arthroscopy
 - Oral and Maxillofacial Surgery
 - Radiotherapy & Oncology

The routine dental department rendered by the Pravara Rural Hospital, Loni since 1976 has been expanded, in response to the demand, to a full-fledged Dental Hospital with all specialties in 1989.

Specialized diagnostic procedures include Orthopentogram and Cephalogram. Specialized treatment procedures like Maxillofacial and Orthognathic surgery, advanced Conservative treatment, Aesthetic dentistry, ceramics, cast dentures and maxillofacial prosthesis are the additional features of this hospital.

Pravara Rural Dental Hospital also has full-fledged extension OPDs in the nearby urban areas like Sangamner, Rahata to serve the urban poor. The hospital also conducts regular "Out Reach" programme like medical camps, school student's dental check up etc.

Physiotherapy and Rehabilitation Care:

Physiotherapy and Rehabilitation care is being rendered by the hospital since 1980. Over a period of time, Physiotherapy and Therapeutic Rehabilitation Centre has been expanded to have state-of-art Diagnostic facilities. It is attached to the College of Physiotherapy since 1997. The Centre has facilities of specialized therapeutic procedures full fledged orthotic and prosthetic laboratories and other modern and advanced equipments, catering to the needs of out-patients and in-patients of Pravara Rural Hospital.

The Orthotic and Prosthetic workshop has facilities to design and prepare all types of static and dynamic splints, calipers, crutches, collars, braces, prostheses, corrective modified shoes, wheel chairs, tricycles and other locomotive devices for physically challenged.

Major Infrastructure:

• Hospital Laundry Services: Approximately 1000 Sq. Feet covered area has been constructed in the existing hospital laundry for providing additional space for drying and storage of clothes. Further extension of the laundry is also under way to accommodate a new 60 KG Washing machine in the laundry for better service to the patients.

Addition of Facilities:

- a. Intervention Radiology: Intra Vascular Laser Treatment (IVLT) facilities are made available in the Dept. of Radiodiagnosis w.e.f. 29th Sept'2017.
- **b. Extension of Pneumatic Shoot System**: 03 New points have been added to the Pneumatic Shoot System for th following wards
- i. Labour Room -01 point
- ii. Orthopaedics Ward -01 point
- iii. ENT Ward -01 point

- c. Haemo-Dialysis Unit: W.e.f 06th July'2018, 02 new Haemodialysis machines have been added to the existing Haemodialysis machines of the hospital including 01 in the MICU for extending bedside haemodialysis facility to the bed ridden patients of ICU for better patient care.
- d. Medical Gas Pipeline Supply (MGPS):
 Additional 10 points of Central Suction and
 Central Oxygen have been provided to various
 wards of the hospital for better patient care
 during the reporting period.
- e. Casualty & Emergency Dept.: One 300 M.A X-Ray machine has been installed in the Casualty Dept. w.e.f Aug'2018, in addition to the portable X-Ray machine already provided., One USG machine has also been installed in the Casualty Dept. for emergent patient care.

Govt. Schemes:

Hospital is empanelled for various Government Health Schemes.

- Mahatma Jyotiba Phule Jan Arogya Yojana (MJPJAY), which is meant for rural poor for treatment for various diseases including cancer.
 - Health Science for Ex Serviceman Contributory Health Services (ECHS): Ex Serviceman Army Personnel and their

dependents.

- Hospital Cashless Insurance Scheme.
- Janani Suraksha Yojana is now making payment online to the women who delivered in the hospital. This mode of payment is undertaken by the concerned Panchayat Samittee.
- Charity Commissioner's Scheme for Indigenous & Weaker Section group of poor patients.

Impact of International Collaboration on Medical Care at PRH:

- Upgradation of Neonatal Services under Dept. of Paeditarics.
- Nursing & Paramedical staff development under Exchange programme.
- Digital Scanner & Automated Tissue Processor to the department of Pathology.

Statistical Information

Reports of Major Reforms introduced during Aug'2017 – July'18

Induction Training for Staff Nurses:

It is being conducted for newly appointed staff nurses in PRH for nursing duties to get familiar and oriented with the hospital environment and norms of working in various wards and departments.

Equipments Training:

Live demonstrations and training for handling of biomedical equipments is being organized periodically for postgraduate students and nursing staff in wards & departments by the Electronics & Maintenance department, PMT.

Training Lecture:-

O Periodic Lectures on professional subjects are being conducted by the faculty & senior medical administrator for CMOs and MOs of the Hospital at the Casualty & Emergency department.

Guest Lectures:

- A guest lecture was delivered to the doctors and staff on "Recent Advances in Oncology" by Dr. D Nori, Prof. & Executive Vice-Chairman of the Oncology Dept, New York on 14th Aug'2017 in Sindhu Hall of Padmabhushan Dr. Balasaheb Vikhe Patil Lecture Hall Complex, RMC, Loni 20 Nsg. personnel attended the lecture.
- O The Swedish faculty Dr. Inka Lofvenmark, Senior Physiotherapist, & Spinalis, CSI- Centre Stockholm, Sweden delivered a lecture on "Care of patients with spinal Cord Injury" on 29th Nov'2017 at Lecture Hall 5th Floor ,PRH. The lecture was attended by 100 Nsg staff, ward I/Cs Nsg staff, Asst Nsg. Suptd., Medical Superintendent, & Physiotherapists, PRH.

Training Course:-

o Mrs. S B Jondhale & Mr. C K Mhaske, Nursing Incharge of this hospital attended the training course on "Health Promotion" for health professionals held w.e.f. 18th – 22nd Sept'2017 at Dept. of Education and Training of National Institute of Health & Family Welfare, New Delhi.

Workshop:

A Workshop was organized on "Neonatology and Discuss" by the Dept. of Paediatrics, PRH / RMC in collaboration with Wayne State University, USA on 27th Sept'2017 at Seminar Hall, Dept of Radiology. The workshop was attended by the faculty, Resident Doctors, Medical Superintendent, Nursing Superintendent, Ward Incharges, and Nurses of Paediatrics Wards.

Medical Camps: -

- o PRH is organizing Multidiagnostic medical camps regularly twice in a month. During the reporting period, hospital had organized 28 medical camps. In addition, following 02 medical camps were also organized.
- a. MCH Medical Camp: In view of malnourishment among children a Maternal and Child Health Medical camp was held on 14th Nov'2017 at Sanjivan Chhawni, Bal Upchar Kendra, Ankur Farm, Selvas Road, Jawhar, Tal. Palghar, Dist.Thane. It was organized by PRH in Collaboration with dept. of CSM, PMT and local NGO Vithumauli, VPT in the Tribal area. Faculty, Resident Doctors, from Dept. of Paediatrics & Obst. & Gynecology participated in the Camp.

b. <u>Charity Medical Camp</u>:- As per instructions of the Asst. Charity Commissioner, Ahmednagar, six medical camps were organized by PRH, Loni in Collaboration with the office of the Asst. Charity Commissioner, Ahmednagar from 25th to 30th Nov'2017 at village Fatyabad, Tal. Shrirampur, village Rahimpur, Tal. Sangamnger, village Pathare, Tal. Rahata, village Kasare, Tal. Sangamnger, village Nimon, Tal. Sangamnger, & village Zarekathi, Tal. Sangamnger respectively to extend medical help to the poor under the scheme of charity commissions as per directions of Hon'ble High Court, Mumbai.

New Cardiac Ambulance:-

A New Cardiac Ambulance was donated to PRH / PMT by the Swami Enterprises, Ahmednagar and Inaugurated by Mast. Dhruva Vikhe Patil, son of Hon'ble Dr. Rajendra Vikhe Patil, CEO/T&S, PMT on 20th Dec'2017 at OPD entrance, PRH/PMT. The Key of cardiac ambulance was handed over to Medical Superintendent in presence of Hon'ble CEO, PMT, Manager, Swami Enterprises, Ahmednagar, Dean RMC, Manager IT, I/C CMO, Nursing Superintendent, Chief Accountant, AAO etc.

No Tobacco Day Celebration:-

o 06th June'2018, was celebrated as "No Tobacco Day" at PRH HEB Lobby. Various posters displayed, depicting "Tobacco Health Hazards." A health talk on awareness of Tobacco and it's ill effects was delivered by Mrs. Savita Ingale, Asst. Nursing Superintendent & Mrs. Kolhe Savita, Nursing Incharge. Personal interaction was carried out by the Nursing Health Professional through the posters. Med. Suptd. & Nsg. Suptd., also addressed to the audience with emphasis on "Tobacco & Heart Diseases".

<u>C M E</u>:-
