**Founder of First Co-operative Sugar Factory in Asia,
Pravara Medical Trust &
Pravara Movement in Health, Education &
Inclusive Rural Development**

During the time that were barren and the turfs that
were rough
You emerged among the masses and lead from the
front

Socio-economic empowerment of the downtrodden,
You took it as your mission....

Untiring efforts and unflinching spirits with
What you founded for that Pravara stands today....

The path that was uncharted,
You walked all along stands sanctified....

Your legend now stands glorified across the
frontiers
And beyond the oceanic blues....

In each of our endeavors you inspire us and it is
your blessings
That keeps us on path, ever in pursuit of newer
horizons....

We stand in all our humility and
Pay our rich tribute to a rare visionary in you....

"Ten years of growth since this was first started, has not only shown marked growth but has begun to change the countryside. I would like people from other states to come here and see how a real co-operative is Organised and run. This is an example for all India."

The Beginning :

Pravara Medical Trust was established in 1972 by the rare visionary, most revered and respected, Padmashri Awardee, Dr. Vitthalrao Vikhe Patil, the founder of first co-operative sugar factory in Asia, in 1948, at Loni – a remote village of Maharashtra, a feat appreciated by **Pandit Jawaharlal Nehru**, the Prime Minister of India. He also initiated and led Pravara cooperative movement for inclusive-holistic rural development, education and health care. The functional and realistic model of integrated, participative, sustainable rural development as well as comprehensive holistic health care and education, successfully launched by the rare visionary and ambassador of socioeconomic change, is popularly known as **“Pravara-Loni model of PURA”**, commended by **Dr. APJ Abdul Kalam**, the then President of India.

The Background :

Dr. Vitthalrao Vikhe Patil, a farmer of Loni, a draught prone backward village of Maharashtra, realized the importance of integrated rural development to solve the problems of illiteracy, poverty, hunger, unemployment, social inequality, economic exploitation, poor public and personnel health, shelter, clothing and basic amenities in rural areas, which were the real challenges before a young independent India in 1947. The rare visionary was with full of ideas, courage and determination to address these issues head on directly. He initiated the revolutionary cooperative movement of farmers to achieve the impossible – “integrated holistic sustainable rural development”. He aimed at realizing “Gram Swaraj” in true letter and spirit. The cooperative movement of farmers led by him, aimed at the issues of agriculture, livestock development and agrobased industry (1948), primary, secondary and collegiate education (1964) and cooperative banking (1972). All these initiatives started transforming the draught prone backward village towards the path of integrated sustainable rural development – social, political, economical. This realistic cooperative model was appreciated by one and all, across the nation.

In order to address the issues of comprehensive rural health care, he established the **Pravara Medical Trust in 1972, Dr. Vitthalrao Vikhe Patil Pravara Rural Hospital, in 1976** at Loni and several rural health centres.

For this illustrious social work and sacrifice, Government of India honoured him with the award of **“Padmashri”** in 1962. Pune University conferred on him the honorary D.Lit in 1978 and established a Chair in his name to undertake Research in Rural Development (1981). Mahatma Phule Krishi Vidyapeeth conferred on him the honorary D.Sc. in 1979.

Film Division of India presented a documentary film on his achievements entitled “Shoulder to Shoulder” in 1953. Veteran Girish Karnad directed a documentary “Sweet Revolution” in 1986, based on his accomplishments. Shri Rajamangal Vedekar and Shri. Shivajirao Sawant have written biographic books (1977/1985) on the life and mission of this illustrious leader. We offer our tributes to this cellular visionary.

Development, Consolidation and Expansion of Co-operative Movement:

The mission and ideas of this great visionary were further developed and nurtured by his son **Dr. Balasaheb Vikhe Patil**, Padmabhushan Awardee, Parliamentarian (8 times), Statesman, humble social worker and visionary leader of masses. He continued the cooperative movement for integrated rural development and further strengthened comprehensive rural health care&established Health Protection Colleges at Loni .

To meet the national requirement for qualified health professionals, PMT established the following colleges:

1. Dr. Balasaheb Vikhe Patil Rural Medical College,(Formerly Called as a Rural Medical College) (1984),
2. Rural Dental College (1989),
3. Dr. APJ Abdul Kalam College of Physiotherapy (1997)
4. Smt. Sindhutai Eknathrao Vikhe Patil College of Nursing,(Formerly Called as a Nursing College) (1998),
5. School of Public Health and Social Medicine (Formerly Called as a Center for Social Medicine) (2001)

These constituent colleges have the approval and recognition of respective statutory councils (MCI, DCI, INC, MSOTPT, UGC).

Genesis of the University : PIMS-DU

In order to achieve the integrated holistic approach in health care, education and research, Pravara Medical Trust (PMT) took positive steps towards the establishment of a deemed university (with the approval of UGC, MHRD, GOI) by bringing all of its colleges and units of health education and tertiary medical hospital under one ambit/ umbrella, in 2003. Thus, the **Deemed to be University** was born at Loni-**"Pravara Institute of Medical Sciences (PIMS-DU)"**, a unique feature in Indian professional education system in a rural India. The governance, leadership and management of PIMS-DU are as per regulations governing deemed to be universities, notified by the UGC from time to time (UGC institution deemed to be universities regulations 2010/ 2016/ 2019).

Befitting to the vision and mission of the parent trust, PIMS-DU is imparting quality professional health education at global level and tertiary speciality health care at Loni as well as at doorsteps of 234+ villages spread over 13 talukas and 3 districts with a catchment area of lakhs of peoples of Maharashtra State. Our rural health care, extension and community health outreach activities have received international and national appreciation and recognition.

Growth and Development of PIMS-DU :

PIMS-DU is raised up as on a spacious and green unitary campus on 115 acres at Loni, developed as per the master plan and land scaping, housing all the 6 constituent units and its rural hospital. It has state of the art building blocks for academic and co-academic programmes, multispecialty tertiary medical and dental hospitals as well as residential facility for students and staff on the campus, all within a walkable distance. It is a near cent percent residential campus provided with all the basic amenities and facilities round the clock, ensuring a home away from the home. It is providing a good multispecialty hospital for enriching clinical resource and care, central library, IT facilities, safety, security, discipline and basic amenities 24x7(water, electricity, maintenance) in a rural area, a real practice of "PURA". It has recruited qualified and experienced staff as per norms of statutory bodies. We have encouraged research through funds, facilities, and incentives resulting in 2000+ publications and collaborative research projects and clinical trials. PIMS-DU publishes its own ISSN peer reviewed medical journal entitled "Pravara Medical Review" indexed in Scopus and UGC list of journals. We have collaboration with 35+ international institutions and industries as well as national institutions. Teachers and students have visited foreign universities on scholarship/ fellowship through Lineus Palme Exchange Accord and Erasmus+ scheme (only the private deemed university from India included in this scheme).

It has attracted 200+ students and 50+faculty form foreign universities for research and training. Centre for Social Medicine acts as Mother NGO and a liasoning body for government and semi government organizations and national health schemes. PIMS-DU has a sound financial management and governance system with accountability, transparency and integrity. Annual convocations are held regularly since 2007. PIMS University is making every possible effort to provide globally competent higher education and service to the rural society with a focus on empowerment of rural people for sustainable growth and development. These developments were mainly due to the visionary leader Padmabhushan Dr. Balasaheb Vikhe Patil, our mentor, guide and philosopher. We pay our heartfelt tributes to our beloved leader.

With the benign blessings of **Padmashri Dr. Vitthalrao Vikhe Patil and Padmabhushan Dr. Balasaheb Vikhe Patil, Founder, President & Managing Trustee, PMT** and under the guidance and leadership of **Hon’ble Dr. Rajendra Vikhe Patil, Chancellor, PIMS-DU**, we are marching towards our goal – to create “A Healthy Society”.

PIMS-DU has grown over the years since its establishment in 2003 and recorded developmental milestones. It strives for global excellence. We believe in expansion, consolidation as well to grow and develop ahead to achieve global excellence, as per global and national expectations, trends and challenges.

We believe in quality movement in all our endeavors. Hence we subject ourselves for continuous regulation and monitoring by statutory bodies – MCI, DCI, INC and UGC. We volunteered ourselves for assessment by NAAC in 2017 and got reaccredited with ‘A’ grade with CGPA score of 3.17 on a 4 point scale. We have initiated the processes towards NABL Accreditation.

We subjected ourselves for UGC’s Review of Deemed to be University in 2008 with good recommendation for significant growth and development. We were also reviewed by MHRD’s Task force for the Review of Deemed to be Universities (by Dr. Tandon Committee) and were graded at ‘B’ level for good performance. We have submitted compliance report to Dr. Tandon Committee. Once again we have submitted ourselves for a review by UGC Expert Committee in July 2017. The visit of UGC committee to review the function of Deemed University was very much successful for the orientation towards the growth of the DU.

PIMS-DU participated in NIRF ranking 2018 for the first time and again in 2021 and both the times was placed in the rank band of 101-150 among the universities and of 151-200 among the overall institutions. We believe in growth and development of PIMS-DU and of the nation.
