The Alumni Association organized a guest lecture on “AI in Research” on 27th November 2025, delivered by Dr. Shrikant Sant, an esteemed alumnus from the 2011 batch. The objective of the session was to introduce students to the expanding role of Artificial Intelligence in scientific research, while providing an in-depth understanding of current trends, applications, and future prospects in the field.

Sir shared his professional journey and extensive experience with AI-driven research methodologies. He offered valuable insights into data-driven decision-making, machine learning workflows, research automation, and the integration of AI tools in various healthcare and scientific domains. The lecture also emphasized the importance of interdisciplinary learning, innovation, and staying updated with rapidly evolving technological advancements.

The session was attended by Final Year BPT students and Post Graduates, who actively participated in the interactive discussions. The event proved to be highly informative and inspiring, broadening the students’ understanding of how AI can enhance research quality, efficiency, and global opportunities within physiotherapy and healthcare.

The program concluded with a question-and-answer session, where students sought clarity on the implementation of AI tools, opportunities for further training, and the relevance of AI in clinical and academic research. The Alumni Association expressed sincere gratitude to Dr. Shrikant Sant for his valuable contribution and for sharing his expertise to guide budding researchers toward emerging global pathways in AI-driven research.
