The Alumni Association organized a webinar on “*Overview of Physiotherapy in the UK*” on 6th February 2025, conducted by Dr. Priyanka Gangane, an esteemed undergraduate alumna from the 2004 batch. The objective of the session was to provide students with a comprehensive understanding of the physiotherapy profession in the United Kingdom, including its scope of practice, professional standards, and employment opportunities.

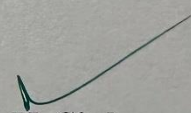

During the session, she shared her experiences of working in the UK and highlighted the essential academic qualifications, licensing requirements, and professional skills necessary to build a successful career abroad. She also discussed the healthcare framework, patient care approaches, and opportunities for growth within the UK’s physiotherapy system.

The webinar was attended by the BPT Final Year students and Interns, who gained valuable insights into international career pathways and professional development. The interactive discussion encouraged participants to ask questions regarding academic equivalence, job prospects, and adaptation to the global healthcare environment.

The program concluded with an engaging question-and-answer session, followed by words of appreciation for Dr. Priyanka Gangane, whose guidance and experiences served as a great source of motivation for students aspiring to pursue physiotherapy careers overseas.
