

## PRAVARA INSTITUTE OF MEDICAL SCIENCES PRAVARA RURAL AYURVED COLLEGE

### DEPARTMENT OF SAMHITA- SIDDHANTA

#### VISION

Samhita & Siddhanta department is the foundation of Ayurveda basically learnt through the various available Samhitas available in the language. This department deals with the study of all the fundamental principles of Ayurveda as described in the classical texts.

This department teaches the entire three professional years of the Ayurvedacharya curriculum.

In the first, second and third professional it includes three one and one subject taught respectively.

Which encapsulates a total of five subjects in all.

#### MISSION

##### Vision Statement

To emerge as a premier centre of excellence in Sanskrit Samhita education, research, and innovation, fostering a deep understanding and appreciation of Ayurvedic knowledge and its applications in modern healthcare.

##### Core Objectives

1. Preserve and Promote Sanskrit Samhita: Preserve the ancient wisdom of Sanskrit Samhita and promote its relevance in modern times.
2. Integrate Traditional and Modern Knowledge: Integrate traditional Ayurvedic knowledge with modern scientific approaches to foster a holistic understanding of health and wellness.
3. Develop Expertise in Sanskrit Samhita: Develop expertise in Sanskrit Samhita among students, scholars, and practitioners, enabling them to contribute meaningfully to the field of Ayurveda.

4. Foster Research and Innovation: Foster research and innovation in Sanskrit Samhita, exploring its applications in modern healthcare, and developing new treatments and therapies.
5. Build Collaborations and Partnerships: Build collaborations and partnerships with national and international institutions, organizations, and industries to promote the development and application of Sanskrit Samhita knowledge.

#### Envisioned Outcomes

1. Development of Skilled Professionals: Development of skilled professionals in Sanskrit Samhita, equipped to contribute to the growth and development of Ayurveda.
2. Advancements in Ayurvedic Research: Advancements in Ayurvedic research, leading to the development of new treatments, therapies, and products.
3. Promotion of Ayurvedic Knowledge: Promotion of Ayurvedic knowledge and its applications in modern healthcare, leading to improved health outcomes and quality of life.
4. Establishment of a Centre of Excellence: Establishment of the Sanskrit Samhita department as a centre of excellence in Ayurvedic education, research, and innovation.

#### FACULTIES

Sr. No.	Name of Staff	Designation
1	Dr. Rajshree R. Chitre	Professor
2	Dr. Pravin Nivertti Takle	Associate Professor
3	Dr. Namita A. Butley	Assistant Professor
4	Dr. Padmeshwari D. Dhage	Assistant Professor
5	Mr. Balasaheb Datta Pote	Assistant Professor

#### FACILITIES IN THE DEPARTMENT

Sr. No.	Facility	Quantity
1	Equipment and Instrument	Adequate
2	Charts	146
3	Models	15
4	Books	100

ACTIVITIES-

Sr. no.	Name of Activity	Details
1.	Shloak Competition on the Occasion of Charak Jayanti	9 <sup>th</sup> August Judges Dr Ruhe Khan and Dr. Vaishali Patil Sholkas competition 1 <sup>st</sup> prize Saniya Shinde 2 <sup>nd</sup> prize Komal Ubharande 3 <sup>rd</sup> prize Vaishnavi Parde
2.	Dry clay model making competition on the Occassion of Sushrut Jayanti	24 <sup>th</sup> July Judges Dr.Samadhan Patil & Dr. Nivedita Dhanvijay Poster – 1 <sup>st</sup> prize jagruti more Models – 1 <sup>st</sup> Rushikash Ahere and Vedant Dandavate 2 <sup>nd</sup> prize Diksha Kene and Rutuja Bunker 3 <sup>rd</sup> prize Prajakta Dhawale and Sakshi Dhone
3.	Eposters completion on the Occasion of Shushrut Jayanti	24 <sup>th</sup> July Judges Dr. Samadhan Patil Dr. Nivedita dhanvijay
